

Health Plan

High Deductible/HSA Compatible

A guide to your benefits

2025-26

Section 1. Federal Notices

The University of Colorado, as Plan Sponsor of the University of Colorado Health and Welfare Plan (“the University”), complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, religion, or sex. The University does not exclude people or treat them differently because of race, color, national origin, age, disability, religion, or sex.

The University

- Provides free aids and services to people with disabilities to communicate effectively, such as:
 - Qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages.

If you need these services, contact the HIPAA Privacy Officer with CU Health Plan Administration.

If you believe that the University has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

HIPAA Privacy Officer
CU Health Plan Administration
1800 Grant Street, Suite 620
Denver, CO 80203
(303) 860-4199
(303) 860-4177 (fax)
cuhealthplan@cu.edu

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the HIPAA Privacy Officer with CU Health Plan Administration is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>

Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers.
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility.
- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification
- Whether the Provider is In-Network or Out-of-Network

If the Emergency Services you received are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. However, if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges, claims will be paid at the Out-of-Network benefit level. This means you will be responsible for Out-of-Network cost-shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This Notice and Consent process described below does not apply to Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility. Your Out-of-Pocket costs for claims for Covered Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. Ancillary Services are one of the following services: (a) Emergency Services; (b) anesthesiology; (c) laboratory and pathology services; (d) radiology; (e) neonatology; (f) diagnostic services; (g) assistant surgeons; (h) Hospitalists; (i) Intensivists; and (j) any services set out by the U.S. Department of Health & Human Services.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

- By obtaining your written consent not later than 72 hours prior to the delivery of services.
- If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Out-of-Network Air Ambulance Services

When you receive Covered Services from an Out-of-Network Air Ambulance Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Air Ambulance Provider.

How Cost-Shares are Calculated

Your cost shares for Surprise Billing Claims will be calculated based on the Recognized Amount. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility or for Covered Services provided by an Out-of-Network Air Ambulance Services Provider will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Emergency Services from an Out-of-Network Provider, Covered Services from an Out-of-Network Provider at an In-Network Facility, or Out-of-Network Air Ambulance Services and believe those services are covered by the No Surprises Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Appeals and Complaints” section of this Benefit Book.

Provider Directories

We are required to confirm the list of In-Network Providers in our Provider Directory every 90-days. If you can show that you received inaccurate information from us that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayment, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost-shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

We provide the following information on our website (i.e., www.anthem.com).

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on our website or by calling Member Services at the phone number on the back of your ID Card:

- Cost sharing information for covered items, services, and drugs, as required by the Centers for Medicare & Medicaid Services (CMS).
- A listing / directory of all In-Network Providers.

In addition, we will provide access through our website to the following information:

- In-Network negotiated rates.
- Historical Out-of-Network rates.

Federal Patient Protection and Affordable Care Act Notices

Choice of Primary Care Physician / Provider

We generally allow the designation of a Primary Care Physician / Provider (PCP). You have the right to designate any PCP who participates in the Claim Administrator's network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to the Claim Administrator's website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need Referral from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claim Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining Precertification for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to the Claim Administrator's website, www.anthem.com.

Additional Federal Notices

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses.
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on Mental Health and Substance Use Disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering Mental Health and Substance Use Disorder benefits cannot set day/visit limits on Mental Health or Substance Use Disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on Mental Health and Substance Use Disorder benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on Mental Health and Substance Use Disorder benefits that are more restrictive than the predominant Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to substantially all medical and surgical benefits in the same classification. Medical Necessity criteria are available upon request.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the Employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 31 days after your or your Dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility.
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Employer.

Section 2. Title Page

Health Plan

Section 3. Contact Us

Welcome

Thank you for selecting the CU Health Plan as your insurance provider. By choosing this plan, you're backed by a team dedicated to providing you with the best health coverage possible and helping you save money at a time when healthcare costs are rising. You're committed to your personal wellness, and so are we.

If you're reading this, you're probably looking for information on how your plan works. You have enrolled in a health benefit plan that, pursuant to the terms of this booklet, pays for many of your healthcare expenses, including most expenses for physician and outpatient care, emergency care and hospital inpatient care. This plan is self-funded by the University of Colorado Health and Welfare Trust. That means all of the claims you make will be paid by the Trust, which is funded by contributions from you and other subscribers at the University of Colorado and CU Medicine. Anthem BlueCross and Blue Shield/HMO Colorado (Anthem) provides administrative services for your medical benefits, including provider network contracting, member services, care management, and other administrative services. Your prescription drug benefits are administered by CVS Caremark.

This booklet is a guide to your plan. Please review this document, as well as the summary of benefits on the Be Colorado website, to become familiar with your benefits, including their limitations and exclusions. Bookmark this document for quick reference when you need it. By learning how your coverage works, you'll be able to make the best healthcare decisions possible and take advantage of all the great benefits available to you.

For questions about medical coverage or how medical benefits are administered, please call Anthem's Member Services department. Anthem's toll-free Member Services department number is located on your Anthem Health Benefit ID Card. For questions about prescription coverage or how prescription benefits are administered please visit www.caremark.com or call the Member Services telephone number on the back of your CVS/Caremark ID card. Thank you for selecting the CU Health Plan for your healthcare needs. We wish you good health.

Tony DeCrosta
Chief Plan Administrator
University of Colorado Health and Welfare Trust

Many words used in the Booklet have special meanings (e.g., Employer, Covered Services and Medical Necessity). These words are capitalized and are defined in the “Definitions” section. See these definitions for the best understanding of what is being stated. Throughout this Booklet you may also see references to “we,” “us,” “our,” “you,” and “your.” The words “we,” “us,” and “our” mean the Claims Administrator or any of their subsidiaries, affiliates, subcontractors, or designees. The words “you” and “your” refer to the Member, Subscriber and each covered Dependent.

Important: This is not an insured benefit plan. The benefits described in this Benefit Booklet or any rider or amendments hereto are funded by the Plan Administrator who is responsible for their payment. Anthem provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

High-Deductible Health Plan for Use with Health Savings Accounts

This Plan is meant to be federally tax qualified and used with a qualified health savings account. Approval by the Division of Insurance does not guarantee tax qualification and this Plan has not been submitted for approval by the IRS. Please seek the advice of a tax advisor.

How to Get Language Assistance

Anthem is committed to communicating with our Members about their health Plan, no matter what their language is. Anthem employs a language line interpretation service for use by all of our Member Services call centers. Simply call the Member Services phone number on the back of your Identification Card and a representative will be able to help you. Translation of written materials about your benefits can also be asked for by contacting Member Services. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Section 5. Eligibility

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below and in Appendix II of the University of Colorado Health and Welfare Plan. For more specific information, please see your Human Resources or Benefits Department.

When you have health care coverage under more than one Plan, we will coordinate benefits as described in the “Coordination of This Employer Contract’s Benefits With Other Benefits” section.

Who is Eligible for Coverage

The Subscriber

The Subscriber is a Member in whose name the membership is established.

Eligibility is defined by the employer as defined in Appendix II of the University of Colorado Health and Welfare Plan, found at becolorado.org/trust-documents. The employee may contact the Employer for the minimum number of hours that must be worked per week and other requirements to qualify for benefits.

Dependents

To be eligible to enroll as a Dependent, you must be enrolled as a Dependent by the Subscriber, meet all Dependent eligibility criteria established by the Employer, and be one of the following:

- The Subscriber’s spouse/partner. For information on spousal eligibility please contact the Employer. All references to spouse include partner.

Note that while this Booklet will recognize and provide benefits for a Member who is a Domestic Partner or in a recognized civil union relationship, not every federal or state law that applies to those Members.
- The Subscriber’s or the Subscriber’s spouse’s children, including natural children, stepchildren, newborn and legally adopted children and children who the Employer has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law. Note that while this Booklet will recognize and provide benefits for a Member who is a child of a Domestic Partner or in a recognized civil union relationship, not every federal or state law that applies to those Members.
- Children, including grandchildren, for whom the Subscriber or the Subscriber’s spouse is a permanent legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered through the end of the month in which the child turns 27. Coverage may be continued past the age limit in the following circumstances:

- Eligibility will be continued past the age limit only for those Dependents who are unmarried and medically certified as mentally or physically impaired and are dependent upon the parent Subscriber. We may ask for a physician to certify the Dependent’s eligibility. We must be informed of the Dependent’s eligibility for continuation of coverage within 30-days after the date Dependent would normally become ineligible. You must notify us if the Dependent’s tax exemption status changes and if he or she is no longer eligible for continued coverage.

We may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child’s coverage.

To obtain coverage for children, you may be required to give us a copy of any legal documents awarding permanent guardianship of such child(ren) to you.

Your Employer may have limited or excluded the eligibility of certain Dependent types and so not all Dependents listed in this Plan may be entitled to enroll. For more specific information, please see your Benefits Department.

Types of Coverage

Your Employer offers some or all of the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options may include:

- Subscriber only (also referred to as single coverage).
- Subscriber and spouse.
- Subscriber and child(ren).
- Subscriber and family.

Enrollment Process

For eligible Subscribers and their eligible Dependents to participate in the Plan, the Subscriber must follow his/her employer's enrollment process, which details who is eligible and which applicable forms or online submission are required for enrollment. Eligibility for benefits under this Booklet begins as of the Effective Date as indicated in the employer's files. Services received before that date are not covered.

Note: Submission of a Benefits Enrollment/Change Form or online submission does not guarantee your enrollment.

You need to contact your Employer for details regarding required documentation for adding Spouse/Partners and their dependents using the contacts below:

- University of Colorado – Employee Services
- University of Colorado Medicine – Human Resources

When You Can Enroll

Initial Enrollment

The Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment

Open Enrollment refers to a period of time during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Employer will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 31 days of a qualifying event.

If an individual is notified or becomes aware of a qualifying event that will occur in the future, he or she may apply for coverage during the thirty (30) calendar days prior to the effective date of the qualifying event, with coverage beginning no earlier than the day the qualifying event occurs to avoid a gap in coverage. The individual must be able to provide written documentation to support the effective date of the triggering event at the time of application.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of Fees or due to fraud or intentional misrepresentation of a material fact.

- Lost coverage due to death of a covered employee; the termination or reduction in number of hours of the covered employee's employment, regardless of eligibility for COBRA or state continuation coverage; involuntary termination of coverage; lost eligibility under the Colorado Medical Assistance Act or the Children's Basic Health Plan; or the covered employee becoming eligible for benefits under Title XVIII of the Federal Social Security Act, as amended.
- Lost coverage under a health benefit plan due to the divorce or legal separation of the covered employee from the covered employee's spouse, or due to the termination of a recognized domestic partnership.
- Is now eligible for coverage due to marriage (including a civil union where recognized in the state where the Subscriber resides), birth, adoption, placement for adoption, placement in foster care or pursuant to a QMCSO or other court or administrative order mandating that the individual be covered.
- Exhausted COBRA or state continuation benefits or stopped receiving Employer contributions toward the cost of the prior health plan.
- Has a reduction or elimination of employer contributions towards the cost of the prior health coverage.
- A parent or legal guardian disenrolls a Dependent, or a Dependent becomes ineligible for Children's Basic Health Plan.
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).
- For loss of coverage under the Colorado Medical Assistance Act, coverage must be requested within 60 days of the loss of coverage. For loss of coverage under the Children's Basic Health plan coverage must be requested within 90-days of loss of coverage.
- Evidence of prior Creditable Coverage is required and must be furnished by you or your prior carrier.

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility.
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Employer's Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth. If both parents have separate coverage, the newborn is automatically covered for the first 31 days by the parent whose birthday falls first in the calendar year. Following the birth of a child, you should submit an application / change form to the Employer within 31 days to add the newborn to your Plan. During the first 31 days after birth, a newborn child will be covered for Medically Necessary care. This includes well childcare and treatment of medically diagnosed congenital defects and birth abnormalities. This is regardless of the limitations and exclusions applicable to other conditions or procedures of this Booklet.

Even if no additional Fee is required, you should still submit an application / change form to the Employer to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The placement begins when you assume or retain a legal obligation to partially or totally support a child in anticipation of the child's adoption. A placement terminates at the time such legal obligation terminates. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send the Employer the completed application / change form within 31 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded permanent legal custody or permanent guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Any foster child who is eligible for benefits provided by any governmental program or law will not be eligible for coverage under this Booklet unless required by the laws of this state.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order. However, a child's coverage will not extend beyond the end of the month in which the child turns 27.

Updating Coverage and/or Removing Dependents

You are required to notify the Employer of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Employer and complete the appropriate forms:

- Changes in address.
- Marriage or divorce or entering into or terminating a recognized civil union or domestic partnership.
- Death of an enrolled family member (a different type of coverage may be necessary).
- Enrollment in another health plan or in Medicare.
- Eligibility for Medicare.
- Dependent child reaching the Dependent Age Limit (see "Termination/Nonrenewal/Continuation").

- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Employer of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Fees are received for those individuals. All notifications must be in writing and on approved forms.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender or age.

Statements and Forms

All Members must complete and submit applications or other forms or statements that the Employer may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any intentional material misrepresentation by you may result in termination of coverage as provided in the "Termination/Nonrenewal/Continuation" section. The Plan will not use a statement made by you to void or reduce your coverage after that coverage has been in effect for two years, unless such statement is contained in a written instrument signed by you making such statement and a copy of that instrument is or has been given to you or your beneficiary.

Section 6. How to Access Your Services and Obtain Approval of Benefits

Introduction

Your Plan is a PPO plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

In-Network Provider Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, your cost share for Covered Services will be based on the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We, on behalf of the Employer, have final authority to decide the Medical Necessity of the service.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are a CU Health Plan-HDHP/HSA Member.
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

For services from In-Network Providers:

1. You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
2. Precertification will be done by the In-Network Provider. (See this section for further details.)

We do not guarantee that an In-Network Provider is available for all services and supplies covered under your PPO plan. For some services and supplies we may not have arrangements with In-Network Providers.

Please read the “Member Payment Responsibility” section for additional information on Authorized Services.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the

holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

1. Except where this Booklet states otherwise, the Out-of-Network Provider may charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments unless your claim involves a Surprise Billing Claim.
2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments) unless your claim involves a Surprise Billing Claim.
3. You will have to pay for services that are not Medically Necessary.
4. You will have to pay for non-Covered Services.
5. You may have to file claims.
6. You must make sure any necessary Precertification is done. (Please see this section for more details.)

Some services, supplies or prescriptions are not Covered Services when you get them from an Out-of-Network Provider. For those Covered Services that are covered when received from an Out-of-Network Provider; you may have to pay more.

The benefits of this Booklet are directly paid to Out-of-Network Providers, if you have authorized an assignment of benefits. An assignment of benefits means you want the Plan to pay the Provider instead of you. A copy of the assignment of benefits may be required for our records. These payments fulfill the Plan's obligation to you for those services.

Surprise Billing Claims

Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet. Please refer to that section for further details.

Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, www.anthem.com.

How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of In-Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Search for a Provider in our mobile app.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area. Member Services can help you determine the Provider's name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.
- Check with your Doctor or Provider.

Please note that not all In-Network Providers offer all services. For example, some Hospital-based labs are not part of our Reference Lab Network. In those cases, you will have to go to a lab in our Reference Lab Network to get In-Network benefits. Please call Member Services before you get services for more information.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Continuity of Care

If your In-Network Provider leaves our network for any reason other than termination for cause, retirement or death, and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get In-Network benefits. "Active treatment" includes:

- An ongoing course of treatment for a life-threatening condition, including a chronic illness or condition. A chronic illness or condition is a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.
- An ongoing course of treatment for a serious acute condition, (examples include chemotherapy, radiation therapy and post-operative visits).
- An ongoing course of treatment for pregnancy and through the postpartum period.
- A scheduled non-elective surgery from the Provider, including receipt of postoperative care from such Provider or Facility with respect to such a surgery.
- An ongoing course of treatment for a health condition for which the Physician or health care Provider attests that discontinuing care by the current Physician or Provider would worsen your condition or interfere with anticipated outcomes.
- Continuing care benefits for Members undergoing a course of institutional or Inpatient care from the Provider or Facility and/or determined to be terminally ill and is receiving treatment for such illness from such Provider or Facility.

An "ongoing course of treatment" includes treatments for Mental Health and Substance Use Disorders.

In these cases, you may be able to continue seeing that Provider for up to 90-days. If treatment is not complete at the end of 90-days, you may, depending on the condition be entitled to a longer period as allowed by law. If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details. Any decision by us regarding a request for Continuity of Care is subject to the appeals process.

Benefit Maximum

Some Covered Services have a maximum number of days, visits or dollar amounts that the Plan allows during a Benefit Period. When the Deductible (if applicable) is applied to a Covered Service which has a maximum number of days or visits, the Benefit Maximum may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by us. Even after you satisfy the Out-of-Pocket Annual Maximum, our reimbursement remains limited by the Benefit Maximums of this plan.

If you leave this Plan, and go on to a CU Health Plan in the same Benefit Period, Covered Services that have a Benefit Maximum will be carried over to the new Plan. For example, if a benefit has a limit of one visit per Benefit Period and you received that benefit under the prior coverage, then you are not eligible under the new Plan for the same benefit until the Benefit Period ends, as benefits have been exhausted for your Benefit Period.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard", which provides services to you when you are outside our Service Area. For more details on

this program, please see “Inter-Plan Arrangements” in the “Claims Procedure (How to File a Claims)” section.

Identification Card

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she/they must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens, the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free-standing imaging center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem, on behalf of the Employer, may decide that a treatment that was asked for is not Medically Necessary if clinically equivalent treatment that is more cost effective is available and appropriate. “Clinically equivalent” means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the Utilization process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

However, coverage for or payment of the service or treatment reviewed is not guaranteed even if it is decided your services are Medically Necessary. For benefits to be covered, we may consider on the date you get service:

1. You must be eligible for benefits.
2. Fees must be paid for the time period that services are given.
3. The service or supply must be the same as was precertified.
4. The service or supply must be for the same condition and setting that was precertified.
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination, which is done before the service or treatment begins or admission date.

- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For emergency services, Precertification is not required. For admissions following Emergency Care, you, your authorized representative or Doctor must tell us of the admission as soon as possible. For childbirth admissions, Precertification is not needed unless the admission lasts beyond the first 48 hours for a vaginal delivery or 96 hours for a cesarean delivery, or if the baby is not sent home at the same time as the mother.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered on an urgent or expedited timeframe when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment, or if you have a physical or mental disability, would create an imminent and substantial limitation on your existing ability to live independently. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician / Provider and other In-Network Providers have been given detailed information about these procedures and in Colorado are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor (“requesting Provider”) will get in touch with us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances. To get more information on what services need Precertification, you or your representative may call Member Services.

Provider Network Status	Responsibility to Get Precertification	Comments
In Network	Provider	• The Colorado Provider must get Precertification when required
Out of Network/ Non-Participating	Member	• You must get Precertification when required. (Call Member Services.) • You may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary.

Provider Network Status	Responsibility to Get Precertification	Comments
BlueCard Provider	Member (Except for Inpatient Admissions)	- You must get Precertification when required. (Call Member Services.) - You may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary. BlueCard Providers must obtain Precertification for all Inpatient Admissions.
NOTE: For an Emergency or Urgent Care admission, Precertification is not required. However, you, your authorized representative or Doctor must tell us of the admission as soon as possible.		

How Decisions are Made

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right, on behalf of the Employer, to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with the decision under this section of your benefits, please refer to the “Appeals and Complaints” section to see what rights may be available to you.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. If you live in and/or get services in a state other than the state where your Plan was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision and Notification
Expedited Pre-service Review	72 hours from the receipt of request
Non-expedited Pre-service Review	15 calendar days from the receipt of the request
Expedited Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Expedited Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous	72 hours from the receipt of the request

Type of Review	Timeframe Requirement for Decision and Notification
authorization or no previous authorization exists	
Non-expedited Continued Stay / Concurrent Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information, we need by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of the decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

On behalf of the Employer, Anthem may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program or a Provider agreement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider agreement by checking your on-line Provider Directory, or contacting the Member Services number on the back of your Identification Card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and teamwork with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make any recommendations for alternate or extended benefits to the Plan on a case-by-case basis, if in our discretion the alternate or extended benefit is in the best interest of you and Anthem and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

Section 7. Benefits/Coverage (What is Covered)

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Benefit limits and maximums can be found on the Summary of Benefits and Coverage.

Also be sure to read “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” for more information on your Plan’s rules. Read the “Limitations/Exclusions (What is Not Covered)” section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have inpatient surgery, benefits for your Hospital stay will be described under “Inpatient Hospital Care” and benefits for your Doctor’s services will be described under “Inpatient Professional Services.” As a result, you should read all sections that might apply to your claims.

You should also know that many of Covered Services can be received in several settings, including a Doctor’s office or your home, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where and from whom you choose to get Covered Services, and this can result in a change in the amount you need to pay.

Acupuncture/Nerve Pathway Therapy

Please see “Therapy Services” later in this section.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following are met:

- For ground ambulance, you are taken:
 - From your home, the scene of an accident or medical Emergency to a Hospital.
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital.
 - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, you are taken:
 - From the scene of an accident or medical Emergency to a Hospital.
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital.
 - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require Precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider. For Emergency ambulance services performed by an Out-of-

Network Provider you do not need to pay any more than would have been paid for services from an In-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select, no benefits will be available.

You must be taken to the nearest Facility that can give care for your condition. In certain cases, we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A Doctor's office or clinic.
- A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

Autism Services

Covered Services are provided for the assessment, diagnosis, and treatment of Autism Spectrum Disorders (ASD). The following treatments will not be considered Experimental or Investigational and will be considered appropriate, effective, or efficient for the treatment of Autism Spectrum Disorders where set forth in the Autism Treatment Plan:

- Evaluation and assessment services.
- Behavior training and behavior management and Applied Behavior Analysis, including but not limited to consultations, direct care, supervision, or treatment, or any combination thereof, for Autism Spectrum Disorders provided by Autism Services Providers.
- Habilitative or rehabilitative care, including, but not limited to, occupational therapy, physical therapy, or speech therapy, or any combination of those therapies.
- Prescription Drugs.
- Psychiatric care.

- Psychological care, including family counseling.
- Therapeutic care.

Treatment for Autism Spectrum Disorders must be prescribed or ordered by a Doctor or psychologist, and services must be provided by a Provider covered under this Plan and approved to provide those services. However, behavior training, behavior management, or Applied Behavior Analysis services (whether provided directly or as part of Therapeutic Care), must be provided by an Autism Services Provider.

Autism services and the Autism Treatment Plan are subject to review under the “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” section.

Behavioral Health Services

Please see “Mental Health and Substance Use Disorder Services” later in this section.

Cardiac Rehabilitation

Please see “Therapy Services” later in this section.

Cellular and Gene Therapy Services

Your Plan includes benefits for certain cellular and gene therapy services, when Anthem approves the benefits in advance through Precertification. See the section “Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services” for additional details.

Chemotherapy

Please see “Therapy Services” later in this section.

Chiropractic Care

Please see “Therapy Services” later in this section.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs, given to you as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
 - a. The National Institutes of Health.
 - b. The Centers for Disease Control and Prevention.
 - c. The Agency for Health Care Research and Quality.
 - d. The Centers for Medicare & Medicaid Services.
 - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- i. The Department of Veterans Affairs.
 - ii. The Department of Defense.
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.
 3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require you to use an In-Network Provider to maximize your benefits.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by this Plan.

All requests for clinical trials services, including services that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. We reserve our right to exclude any of the following services:

- i. The Investigational item, device, or service.
- ii. Items and services that are given only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- iii. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;
- iv. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial.

Dental Services (All Members / All Ages)

Preparing the Mouth for Medical Treatments

Your Plan includes coverage for dental services to prepare the mouth for medical services and treatments such as radiation therapy to treat cancer and prepare for transplants. Covered Services include:

- Evaluation.
- Dental x-rays.
- Extractions, including surgical extractions.
- Anesthesia.

Treatment of Accidental Injury

Benefits are also available for dental work needed to treat injuries to the jaw, sound natural teeth, mouth or face as a result of an accident. An injury that results from chewing or biting is not considered an Accidental Injury under this Plan, unless the chewing or biting results from a medical or mental condition.

Cleft Palate and Cleft Lip Conditions

Benefits are available for inpatient care and outpatient care, including:

- Orofacial surgery
- Surgical care and follow-up care by plastic surgeons and oral surgeons
- Orthodontics and prosthodontic treatment
- Prosthetic treatment such as obturators, speech appliances, and prosthodontic
- Prosthodontic and surgical reconstruction for the treatment of cleft palate and/or cleft lip

If you have a dental plan, the dental plan would be the main plan and must fully cover orthodontics and dental care for cleft palate and cleft lip conditions.

Dental Anesthesia for Children

Benefits are available for general anesthesia from a Hospital, outpatient surgical Facility or other Facility, and for the Hospital or Facility charges needed for dental care for a covered Dependent child who:

- Has a physical, mental or medically compromising condition.
- Has dental needs for which local anesthesia is not effective because of acute infection, anatomic variation or allergy; or
- Is extremely uncooperative, unmanageable, uncommunicative or anxious and whose dental needs are deemed sufficiently important that dental care cannot be deferred.
- Has sustained extensive orofacial and dental trauma.

Other

The only other Covered Services are Facility charges for inpatient and/or outpatient care but do not include charges for the dental services. Benefits are payable in such settings are Medically Necessary for the Member's health problem or the dental treatment calls for it to keep you safe.

Diabetes Equipment, Education, and Supplies

Your Plan covers diabetes training and medical nutrition therapy if you have diabetes (whether or not it is insulin dependent), or if you have raised blood glucose levels caused by pregnancy. Other medical conditions may also qualify. But the services need to be ordered by a Doctor and given by a Provider who is certified, registered or with training in diabetes. Diabetes training sessions must be provided by a Provider in an outpatient Facility or in a Doctor's office.

Screenings for gestational diabetes are covered under "Preventive Care" later in this section.

Diagnostic Services

Your Plan includes benefits for tests or procedures to find or check a condition when specific symptoms exist. Tests must be ordered by a Provider and include diagnostic services ordered before a surgery or Hospital admission. Benefits include the following services:

Diagnostic Laboratory and Pathology Services

- Laboratory and pathology tests, such as blood tests.
- Genetic tests, when allowed by us.

Diagnostic Imaging Services and Electronic Diagnostic Tests

- X-rays / regular imaging services.
- Ultrasound.
- Electrocardiograms (EKG)
- Electroencephalography (EEG).
- Echocardiograms.
- Hearing and vision tests for a medical condition or injury (not for screenings or preventive care).
- Tests ordered before a surgery or admission.

Advanced Imaging Services

Benefits are also available for advanced imaging services, which include but are not limited to:

- CT scan.
- CTA scan.
- Magnetic Resonance Imaging (MRI).
- Magnetic Resonance Angiography (MRA).
- Magnetic Resonance Spectroscopy (MRS).
- Nuclear Cardiology.
- PET scans.
- PET/CT Fusion scans.
- QCT Bone Densitometry.
- Diagnostic CT Colonography.

The list of advanced imaging services may change as medical technologies change.

Dialysis

Please see “Therapy Services” later in this section.

Durable Medical Equipment (DME), Medical Devices, and Supplies

Durable Medical Equipment and Medical Devices

Your Plan includes benefits for durable medical equipment and medical devices when the equipment meets the following criteria:

- Is meant for repeated use and is not disposable.
- Is used for a medical purpose and is of no further use when medical need ends.
- Is meant for use outside a medical Facility.
- Is only for the use of the patient.
- Is made to serve a medical use.
- Is ordered by a Provider.

Benefits include purchase-only equipment and devices (e.g., crutches and customized equipment), purchase or rent-to-purchase equipment and devices (e.g., Hospital beds and wheelchairs), and continuous rental equipment and devices (e.g., oxygen concentrator, ventilator, and negative pressure wound therapy devices). Continuous rental equipment must be approved by us. We may limit the amount of coverage for ongoing rental of equipment. We may not cover more in rental costs than the cost of simply purchasing the equipment.

Benefits include repair and replacement costs as well as supplies and equipment needed for the use of the equipment or device, for example, a battery for a powered wheelchair.

Oxygen and equipment for its administration are also Covered Services.

Orthotics

Benefits are available for certain types of orthotics (braces, boots, splints). Covered Services include the initial purchase, fitting, and repair of a custom made rigid or semi-rigid supportive device used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body, or which limits or stops motion of a weak or diseased body part.

Custom foot orthotics, orthopedic shoes or footwear or support items are also covered.

Prosthetics

Your Plan also includes benefits for prosthetics, which are artificial substitutes for body parts for functional or therapeutic purposes, when they are required to adequately meet your needs.

Benefits include the purchase, fitting, adjustments, repairs and replacements. Covered Services may include, but are not limited to:

- 1) Artificial limbs and accessories. For prosthetic arms and legs, we cover up to the benefits amounts provided by federal laws for Medicare or where needed to meet applicable health insurance laws.
- 2) One pair of glasses or contact lenses used after surgical removal of the lens(es) of the eyes, or when needed to replace human lenses absent at birth, or due to ocular injury, or for the treatment of keratoconus or aphakia.
- 3) Breast prosthesis (whether internal or external) and surgical bras after a mastectomy, as required by the Women's Health and Cancer Rights Act;
- 4) Colostomy and other ostomy (surgical construction of an artificial opening) supplies directly related to ostomy care.
- 5) Restoration prosthesis (composite facial prosthesis).
- 6) The first wig needed after cancer treatment.
- 7) Cochlear implants.
- 8) Hearing aids for all members. This includes bone-anchored hearing aids as well as FDA-approved over-the-counter hearing aids when members have been certified as deaf or hearing impaired by a Physician or licensed audiologist.

Medical and Surgical Supplies

Your Plan includes coverage for medical and surgical supplies that serve only a medical purpose, are used once, and are purchased (not rented). Covered supplies include syringes, needles, surgical dressings, splints, diabetic supplies, and other similar items that serve only a medical purpose. Covered Services do not include items often stocked in the home for general use like Band-Aids, thermometers, and petroleum jelly.

Blood and Blood Products

Your Plan also includes coverage for the administration of blood products.

Emergency Care Services

If you are experiencing an Emergency, please call 911 or visit the nearest Hospital for treatment.

Emergency Services

Benefits are available in a Hospital Emergency Room or freestanding Emergency Facility for services and supplies to treat the onset of symptoms, screen and stabilize an Emergency, which is defined below.

Services provided for conditions that do not meet the definition of Emergency will not be covered.

Emergency (Emergency Medical Condition)

"Emergency," or "Emergency Medical Condition" means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient's health or the health of another person in serious danger or, for a pregnant woman, placing the woman's health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or

cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by us.

Emergency Care

“Emergency Care” means a medical or behavioral health exam within the capability of the Emergency Department of a Hospital or freestanding Emergency Facility, and includes ancillary services routinely available in the Emergency Department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient. Emergency Care may also include necessary services, including observation services, provided as part of the Emergency visit regardless of the department in which the services are provided.

With respect to an Emergency, stabilize means to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the Member from a Facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to effect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider.

Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, and will not require Precertification.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as you are stabilized. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” for more details.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this Booklet for more details on how this will impact your benefits.

Gender Affirming Health Services

Medically Necessary treatment for Gender Dysphoria includes non-surgical physical and behavioral health services, including but not limited to office visits, counseling, hormone therapy, laboratory services, preventive health services and Prescription Drugs. Medically Necessary treatment includes the following gender-affirming health services:

General procedures

- Laser or electrolysis hair removal

Breast/Chest Surgery (male to female)

- Augmentation mammoplasty
- Implants / lipofillings
- Breast / chest augmentation, reduction, construction

Genital Surgery (male to female)

- Penectomy
- Orchiectomy
- Vaginoplasty
- Dilator (medical equipment)
- Clitoroplasty
- Vulvoplasty
- Labiaplasty
- Prostatectomy
- Urethroplasty
- Vagina / perineum reconstruction

Non-Breast / Chest Surgical Interventions (male to female)

- Facial feminization surgery
- Facial bone remodeling for facial feminization
- Cheek, chin, and nose implants
- Orbital recontouring
- Lipofilling
- Gluteal augmentation (implants / lipofilling)
- Blepharoplasty (eye and lid modification)
- Genioplasty (chin width reduction)
- Lip lift / augmentation
- Rhinoplasty (nose reshaping)
- Voice surgery
- Hair reconstruction
- Face / forehead and/or neck tightening
- Rhytidectomy (cheek, chin, and neck)
- Mandibular angle augmentation / creation / reduction (jaw)
- Liposuction
- Thyroid cartilage reduction / reduction thyrochondroplasty

Breast / Chest Surgery (female to male)

- Subcutaneous mastectomy (for creation of male chest)
- Modified radical mastectomy
- Breast / chest augmentation, reduction, construction
- Simple / total mastectomy
- Radical mastectomy
- Partial mastectomy
- Breast reduction (reduction mammoplasty)

Genital Surgery (female to male)

- Hysterectomy
- Metoidioplasty
- Vulvectomy
- Trachelectomy
- Ovariectomy / oophorectomy
- Phalloplasty
- Scrotoplasty
- Penis / perineum reconstruction
- Salpingectomy
- Vaginectomy
- Urethroplasty
- Implantation of erection and/or testicular prosthesis

Non-Genital, Non-Breast / Chest Surgical Interventions (female to male)

- Nipple reconstructions following mastectomy
- Liposuction
- Calf implants
- Voice therapy lessons
- Lipofilling
- Voice surgery
- Pectoral implants

Benefits must be approved for the type of surgery requested and procedures and/or services may be subject to Precertification as outlined in the "How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)" section. **Charges for services that are not authorized for the surgery requested may not be considered Covered Services. Some conditions and age restrictions may apply.**

We will not deny, exclude or otherwise limit coverage for Medically Necessary services, in accordance with generally accepted professional standards of care, based upon a person's sexual orientation or gender identity. Cost shares will be determined by place of service and the Covered Services received. For example, an In-Network outpatient surgical procedure will be covered the same as any other covered Medically Necessary In-Network outpatient surgical procedure.

Habilitative Services

Benefits also include habilitative health care services and devices that help you keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Please see "Therapy Services" later in this section for further details.

Home Health Care Services

Benefits are available for Covered Services performed by a Home Health Care Agency or other Home Health Care Provider in your home. Home Health Care is covered only when such care is necessary as an alternative to Hospital stay. To be eligible for benefits, you must essentially be confined to the home, as an alternative to a Hospital stay, and be physically unable to get needed medical services on an outpatient basis. Prior Hospital stay is not required. Home Health Care must be prescribed by a Doctor, under a plan of care established by the Doctor in collaboration with a Home Health Care Agency. We must preauthorize all care and reserve the right to review treatment plans at periodic intervals.

Covered Services include but are not limited to:

- Intermittent skilled nursing services by an R.N. or L.P.N.
- Medical / social services
- Diagnostic services
- Nutritional guidance
- Training of the patient and/or family/caregiver
- Home health aide services. You must be receiving skilled nursing or therapy. Services must be given by appropriately trained staff working for the Home Health Care Provider. Other organizations may give services only when approved by us, and their duties must be assigned and supervised by a professional nurse on the staff of the Home Health Care Provider or other Provider as approved by us.
- Therapy Services of physical, occupational, speech and language, respiratory and inhalation (except for Chiropractic Care / Manipulative Therapy which will not be covered when given in the home)
- Medical supplies
- Durable medical equipment, prosthetics and orthopedic appliances
- Private duty nursing services in the home

When available in your area, benefits are also available for Intensive In-home Behavioral Health Services. These do not require confinement to the home. These services are described in the "Mental Health and Substance Use Disorder Services" section below.

Benefits may also be available for Inpatient Services in your home. These benefits are separate from the Home Health Care Services benefit, and are described in the "Inpatient Services" section below.

Home Infusion Therapy

Please see "Therapy Services" later in this section.

Hospice Care

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Hospice care includes routine home care, constant home care, inpatient Hospice and inpatient respite. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care.
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.
- Doctor services and diagnostic testing.
- Social services and counseling services from a licensed social worker.
- Nutritional support such as intravenous feeding and feeding tubes and nutritional counseling.
- Physical therapy, occupational therapy, speech therapy, and respiratory therapy given by a licensed therapist.
- Pharmaceuticals, medical equipment, and supplies needed for the palliative care of your condition, including oxygen and related respiratory therapy supplies.
- Prosthetics and orthopedic appliances.
- Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member's death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated caregiver and individuals with significant personal ties for one year after the Member's death.
- Transportation.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan. Any care you get that has to do with an unrelated illness or medical condition will be subject to the provisions of this plan that deals with that illness.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants as well as certain cellular and gene therapies. **To be eligible for coverage, we must approve the benefits in advance through Precertification and services must be performed by an approved In-Network Provider to be covered at the In-Network level.**

Certain transplants (e.g., cornea) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

In this section you will see some key terms, which are defined below:

Covered Procedure

As decided by us, a Covered Procedure includes:

- Any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions.
- Any Medically Necessary cellular or other gene therapies.
- Any Medically Necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies.

Approved In-Network Provider

A Provider who has entered into an agreement with us to provide Covered Procedures to you. The agreement may only cover certain Covered Procedures or all Covered Procedures. Approved In-Network Providers may include the following:

- **Blue Distinction Center (BDC) Facility:** Blue Distinction facilities have met or exceeded national quality standards for care delivery of Covered Procedures.
- **Centers of Medical Excellence (CME) Facility:** Centers of Medical Excellence facilities have met or exceeded quality standards for care delivery of Covered Procedures.

All Other Providers

Any Provider that is NOT an Approved In-Network Provider. This includes In-Network Providers who participate in the Plan's networks, but who are not an Approved In-Network Provider for a Covered Procedure, as well Out-of-Network Providers.

Prior Approval and Precertification

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a Covered Procedure to talk about your benefit options. You must do this before you receive services. We will help you maximize your benefits by giving you coverage information, including details on what is covered as well as information on any clinical coverage guidelines, medical policies, Approved In-Network Provider rules, or Exclusions that apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator.

You or your Provider must call our Transplant Department for Precertification prior to the Covered Procedure whether this is performed in an Inpatient or Outpatient setting. Your Doctor must certify, and we must agree, that the Covered Procedure is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what Covered Procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later Covered Procedure. A separate Medical Necessity decision will be needed for the Covered Procedure.

Transportation and Lodging

The Plan will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 60 miles from your permanent home to reach the Facility where the Covered Procedure will be performed. Help with travel costs includes transportation to and from the Facility and lodging for the patient and one companion. If the Member receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. You must send

itemized receipts for transportation and lodging costs in a form satisfactory to us when claims are filed. Call us for complete information or refer to IRS Publication 502.

For lodging and ground transportation benefits, the Plan will cover costs up to the current limits set forth in the Internal Revenue Code.

Non-Covered Services for transportation and lodging include, but are not limited to:

- Childcare.
- Mileage within the city where the Covered Procedure is performed.
- Rental cars, buses, taxis, or shuttle service, except as specifically approved by us.
- Frequent Flyer miles.
- Coupons, Vouchers, or Travel tickets.
- Prepayments or deposits.
- Services for a condition that is not directly related, or a direct result, of the Covered Procedure.
- Phone calls.
- Laundry.
- Postage.
- Entertainment.
- Travel costs for donor companion/caregiver.
- Return visits for the donor for a treatment of an illness found during the evaluation.
- Meals.

Infertility Services

Please see “Maternity and Reproductive Health Services” later in this section.

Inpatient Services

Inpatient Hospital Care

Covered Services include acute care in a Hospital setting*.

Benefits for room, board, and nursing services include:

- A room with two or more beds.
- A private room. The most the Plan will cover for private rooms is the Hospital’s average semi-private room rate unless it is Medically Necessary that you use a private room for isolation and no isolation facilities are available.
- A room in a special care unit approved by us. The unit must have facilities, equipment, and supportive services for intensive care or critically ill patients.
- Routine nursery care for newborns during the mother’s normal Hospital stay.
- Newborn care for during and after the mother’s maternity Hospital stay for treatment of injury and sickness and medically diagnosed Congenital Defects and Birth Abnormalities.
- Meals, special diets.
- General nursing services.

Benefits for ancillary services include:

- Operating, childbirth, and treatment rooms and equipment.
- Prescribed Drugs.
- Anesthesia, anesthesia supplies and services given by the Hospital or other Provider.
- Medical and surgical dressings and supplies, casts, and splints.
- Diagnostic services.
- Therapy services.

Inpatient Professional Services

Covered Services include:

- Medical care visits.
- Intensive medical care when your condition requires it.
- Treatment for a health problem by a Doctor who is not your surgeon while you are in the Hospital for surgery. Benefits include treatment by two or more Doctors during one Hospital stay when the nature or severity of your health problem calls for the skill of separate Doctors.
- A personal bedside exam by another Doctor when asked for by your Doctor. Benefits are not available for staff consultations required by the Hospital, consultations asked for by the patient, routine consultations, phone consultations, or EKG transmittals by phone.
- Surgery and general anesthesia.
- Newborn exam. A Doctor other than the one who delivered the child must do the exam.
- Professional charges to interpret diagnostic tests such as imaging, pathology reports, and cardiology.

*When available in your area, certain Providers have programs available that may allow you to receive Inpatient Services in your home instead of staying in a Hospital. To be eligible, your condition and the Covered Services to be delivered must be appropriate for the home setting. Your home must also meet certain accessibility requirements. These programs are voluntary and are separate from the benefits under "Home Health Care Services." Your Provider will contact you if you are eligible, and provide you with details on how to enroll. If you choose to participate, services will be provided under your "Inpatient Services" benefits.

Maternity and Reproductive Health Services

Maternity Services

Covered Services include services needed during a normal or complicated pregnancy, Complications of Pregnancy, and for services needed for a miscarriage. Covered maternity services include:

- Professional and Facility services for childbirth in a Facility or the home including the services of an appropriately licensed nurse midwife.
- Routine nursery care for the newborn during the mother's normal Hospital stay, including circumcision of a covered male Dependent.
- Prenatal, postnatal and postpartum services.
- Fetal screenings, which are genetic or chromosomal tests of the fetus, as allowed by us.

If you are pregnant on your Effective Date and in the first trimester of the pregnancy, you must change to an In-Network Provider to have Covered Services covered at the In-Network level. If you are pregnant on your Effective Date and in your second or third trimester of pregnancy (13 weeks or later) as of the Effective Date, benefits for obstetrical care will be available at the In-Network level even if an Out-of-Network Provider is used if you fill out a Continuation of Care Request Form and send it to us. Covered

Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

Important Note About Maternity Admissions: Under federal law, the Plan may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). If the baby is born between 8:00 p.m. and 8:00 a.m., coverage will continue until 8:00 a.m. on the morning after the 48- or 96-hours timeframe. However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with and with the agreement of the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, the Plan may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Contraceptive Benefits

Benefits include oral contraceptive Drugs, injectable contraceptive Drugs and patches. Benefits also include contraceptive devices such as diaphragms, intra uterine devices (IUDs), and implants. Certain contraceptives are covered under the "Preventive Care" benefit. Please see that section for further details. At least one product in all 18 approved methods of contraception is covered under this policy without cost sharing as required by federal and state law.

Sterilization Services

Benefits include sterilization services and services to reverse a non-elective sterilization that resulted from an illness or injury. Reversals of elective sterilizations are not covered. Sterilizations for women are covered under the "Preventive Care" benefit.

Abortion Services

Benefits include services for abortion, unless applicable federal or state law or regulation prohibits the Employer from providing such coverage.

Infertility Diagnostic Services

Covered Services include diagnostic tests to find the cause of Infertility, such as diagnostic laparoscopy, endometrial biopsy, and semen analysis. As part of other Covered Services under this Plan, benefits may also include services to treat the underlying medical conditions that may be associated with involuntary infertility (e.g., endometriosis, obstructed fallopian tubes, and hormone deficiency).

Infertility Services

Members, with or without a diagnosis of infertility, in need of medical services to achieve pregnancy can access the fertility benefit through WIN Fertility. Prior authorization by the WIN Fertility's Medical Management is required prior to initiation of medical treatment for family building. Failure to attain preauthorization of services for each service will result in a denial of benefits. Coverage is subject to available benefit at time of claim submission. Out of pocket cost shares may be applicable.

Covered Services include:

- Up to three completed oocyte retrievals per plan year with unlimited embryo transfers in accordance with the guidelines of the ASRM, using single embryo transfer when recommended and medically appropriate; and
- Standard fertility preservation services, for a member who has a medical condition or is expected to undergo medication therapy, surgery, radiation, chemotherapy, or other medical treatment that is recognized by medical professionals to cause a risk of impairment to fertility. Standard fertility preservation services means procedures and services that are consistent with established medical practices or professional guidelines published by the American Society of Clinical Oncology (ASCO), the ASRM or their respective successor organizations.

Exclusions: The following services are not covered:

- a. If a member has undergone an elective sterilization procedure, they are not eligible for benefits unless they undergo a successful reversal; Or WIN Fertility's consulting medical director determines that the reversal of the elective sterilization procedure is not medically indicated or will not improve the likelihood of conception due to multifactorial causes of infertility. Reversal of a sterilization procedure is not covered. HOWEVER, the partner that did not elect voluntary sterilization could be eligible for benefits based on plan design.
- b. Experimental or Investigational medical and surgical procedures.
- c. Services which are not medically appropriate.
- d. Expenses for Surrogacy and fees associated with surrogacy.
- e. Expenses for procuring Donated Oocytes or Sperm, including all medical expenses, travel expenses, agency, laboratory and donor fees, psychological screening, FDA testing for the donor and partner, genetics screening and all medications for the donor (e.g. suppression medications, stimulation medications)
- f. Services which are not listed as covered in this benefit.

For more information contact WIN Fertility:

866-430-6068, WIN Fertility app code CUHP22

Mental Health and Substance Use Disorder Services

Covered Services include the following:

- **Inpatient Services** in a Hospital or any Facility that we must cover per state law. Inpatient benefits include psychotherapy, psychological testing, electroconvulsive therapy, and detoxification.
- **Residential Treatment** in a licensed Residential Treatment Center that offers individualized and intensive treatment and includes:
 - Observation and assessment by a physician weekly or more often.
 - Rehabilitation and therapy.
- **Outpatient Services** including office visits, therapy and treatment, Partial Hospitalization/Day Treatment Programs, Intensive Outpatient Programs and (when available in your area) Intensive In-Home Behavioral Health Services.
- **Online Visits.** Covered Services include a medical visit with the Doctor using the internet by a webcam, chat or voice or other platform approved by us. Online visits do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, Plan coverage or payment questions, asking for Referrals to doctors outside the online care panel, benefit Precertification, or Doctor to Doctor discussions. Online visits are not the same as Telehealth Services and can, at times, include audio-only interactions but generally do not include store-and-forward transfers.

Note: No Member will be denied coverage for medical, surgical, or behavioral, mental, or Substance Use Disorder services as a result of self-harm or suicide attempt or completion.

Examples of Providers from whom you can receive Covered Services include:

- Psychiatrist.
- Psychologist.
- Neuropsychologist.
- Licensed clinical social worker (L.C.S.W.).
- Mental health clinical nurse specialist.
- Licensed marriage and family therapist (L.M.F.T.).

- Licensed professional counselor (L.P.C) or
- Any Provider licensed by the state to give these services, when we have to cover them by law.

Occupational Therapy

Please see “Therapy Services” later in this section.

Office and Home Visits

Covered Services include:

Office Visits for medical care (including second surgical opinions) to examine, diagnose, and treat an illness or injury.

Consultations between your Primary Care Physician and a Specialist, when approved by Anthem.

Home Visits for medical care to examine, diagnose, and treat an illness or injury. Please note that Doctor and Primary Care Provider visits in the home are different than the “Home Health Care Services” benefit described earlier in this Booklet.

Retail Health Clinic Care for limited basic health care services to Members on a “walk-in” basis. These clinics are normally found in major pharmacies or retail stores. Health care services are typically given by Physician’s Assistants or Nurse Practitioners. Services are limited to routine care and treatment of common illnesses for adults and children.

Walk-In Doctor’s Office for services limited to routine care and treatment of common illnesses for adults and children. You do not have to be an existing patient or have an appointment to use a walk-in Doctor’s office.

Urgent Care as described in “Urgent Care Services” later in this section.

Virtual Visits as described under the “Virtual Visits (Telehealth / Telemedicine Visits) section.

Prescription Drugs Administered in the Office.

Orthotics

Please see “Durable Medical Equipment (DME), Medical Devices, and Supplies” earlier in this section.

Outpatient Facility Services

Your Plan includes Covered Services in an:

- Outpatient Hospital.
- Freestanding Ambulatory Surgery Center.
- Mental Health / Substance Use Disorder Facility.
- Other Facilities approved by us.

Benefits include Facility and related (ancillary) charges, when proper, such as:

- Surgical rooms and equipment.
- Prescription Drugs, including Specialty Drugs.
- Anesthesia and anesthesia supplies and services given by the Hospital or other Facility.
- Medical and surgical dressings and supplies, casts, and splints.
- Diagnostic services.
- Therapy services.

Physical Therapy

Please see “Therapy Services” later in this section.

Preventive Care

Preventive care includes screenings and other services for adults and children. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable state law. This means many preventive care services are covered with no Deductible, Copayments or Coinsurance when you use an In-Network Provider.

Certain benefits for Members who have current symptoms or a diagnosed health problem may be covered under the “Diagnostic Services” benefit instead of this benefit, if the coverage does not fall within the state or ACA-recommended preventive services.

Covered Services fall under the following broad groups:

- Services with an “A” or “B” rating from the United States Preventive Services Task Force. Examples include screenings for:
 - Breast cancer.
 - Cervical cancer.
 - Colorectal cancer.
 - High blood pressure.
 - Type 2 Diabetes Mellitus.
 - Cholesterol.
 - Child and adult obesity.

Tobacco use screening and tobacco cessation counseling and intervention is also covered.

- Immunizations for children, adolescents, and adults, including cervical cancer vaccinations for females, where recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- Preventive care and screenings for infants, children and adolescents as listed in the guidelines supported by the Health Resources and Services Administration.
- Preventive care and screening for women as listed in the guidelines supported by the Health Resources and Services Administration, including:
 - Women’s contraceptives, sterilization treatments, and counseling. Coverage includes contraceptive devices such as diaphragms, intrauterine devices (IUDs), and implants. Breastfeeding support, supplies, and counseling. Benefits for breast pumps are limited to one pump per pregnancy.
 - Gestational diabetes screening.
- Preventive care services for smoking cessation and tobacco cessation for Members age 18 and older as recommended by the United States Preventive Services Task Force including counseling.
- Coverage is provided for HIV pre-exposure prophylaxis (PrEP), including baseline and monitoring services consistent with USPSTF recommendations, for federal Food and Drug Administration FDA-approved medications without copayment, coinsurance, or other cost-sharing.

FDA approved HIV PrEP medications listed on our formulary are not subject to step therapy or prior authorization requirements. Non-formulary FDA approved HIV PrEP medications are not subject to step therapy or prior authorization when prescribed or dispensed by a pharmacist. Requests from a non-pharmacist Provider for FDA-approved non-formulary HIV PrEP medications shall be processed on an urgent basis within 24 hours of receipt.

You may call Member Services at the number on your Identification Card for more details about these services or view the federal government's websites: <https://www.healthcare.gov/what-are-my-preventive-care-benefits>, <http://www.ahrq.gov>, and <http://www.cdc.gov/vaccines/acip/index.html>.

In addition to federal and state law rules, Covered Services also include:

- 1) Annual medical diabetes eye exams, or in accordance with the frequency determined by your Provider.
- 2) Flu shot from a flu shot clinic. Coverage is provided for one flu shot per Benefit Period, or more often as we decide. To learn more about flu shot clinics, how much we reimburse you for a flu shot, and to get the claim form, visit our website at www.anthem.com or also call Member Services. The amount we cover is subject to change. A flu shot paid for in full, or in part by someone else, is not eligible for coverage.

Preventive Care for Chronic Conditions (per IRS guidelines)

Members with certain chronic health conditions may be able to receive preventive care for those conditions prior to meeting their Deductible when services are provided by an In-Network Provider. These benefits are available if the care qualifies under guidelines provided by the Treasury Department, Internal Revenue Service (IRS), and Department of Health and Human Services (HHS) (referred to as "the agencies"). Details on those guidelines can be found on the IRS's website at the following link:

<https://www.irs.gov/newsroom/irs-expands-list-of-preventive-care-for-hsa-participants-to-include-certain-care-for-chronic-conditions>

The agencies will periodically review the list of preventive care services and items to determine whether additional services or items should be added or if any should be removed from the list. You will be notified if updates are incorporated into your Plan.

Prosthetics

Please see "Durable Medical Equipment (DME), Medical Devices, and Supplies" earlier in this section.

Pulmonary Therapy

Please see "Therapy Services" later in this section.

Radiation Therapy

Please see "Therapy Services" later in this section.

Rehabilitation Services

Benefits include services in a Hospital, free-standing Facility, Skilled Nursing Facility, or in an outpatient day rehabilitation program.

Covered Services involve a coordinated team approach and several types of treatment, including skilled nursing care, physical, occupational, and speech therapy, and services of a social worker or psychologist.

To be Covered Services, rehabilitation services must involve goals you can reach in a reasonable period of time. Benefits will end when treatment is no longer Medically Necessary and you stop progressing toward those goals.

Please see "Therapy Services" in this section for further details.

Respiratory Therapy

Please see "Therapy Services" later in this section.

Skilled Nursing Facility

When you require Inpatient skilled nursing and related services for convalescent, rehabilitative or habilitative care, Covered Services are available if the Facility is licensed or certified under state law as a Skilled Nursing Facility, or is otherwise licensed to provide the services. Custodial Care is not a Covered Service.

Smoking Cessation

Please see the “Preventive Care” section in this Booklet.

Speech Therapy

Please see “Therapy Services” later in this section.

Surgery

Your Plan covers surgical services on an Inpatient or outpatient basis, including office surgeries. Covered Services include:

- Accepted operative and cutting procedures;
- Other invasive procedures, such as angiogram, arteriogram, amniocentesis, tap or puncture of brain or spine.
- Endoscopic exams, such as arthroscopy, bronchoscopy, colonoscopy, laparoscopy.
- Treatment of fractures and dislocations.
- Anesthesia and surgical support when Medically Necessary.
- Medically Necessary pre-operative and post-operative care.

Bariatric / Weight Loss Surgery

Services and supplies will be covered in connection with Medically Necessary surgery for weight loss; but only for morbid obesity and only when surgery satisfies Anthem’s medical policy. You or your Physician must obtain Precertification for all bariatric surgical procedures.

Oral Surgery

Important Note: Although this Plan covers certain oral surgeries, many oral surgeries (e.g. removal of wisdom teeth) are not covered, except as listed in this Booklet.

Benefits are limited to certain oral surgeries including:

- Treatment of medically diagnosed cleft lip, cleft palate, or ectodermal dysplasia.
- Orthognathic surgery for a physical abnormality that prevents normal function of the upper and/or lower jaw and is Medically Necessary to attain functional capacity of the affected part.
- Oral / surgical correction of accidental injuries as indicated in the “Dental Services” section.
- Treatment of non-dental lesions, such as removal of tumors and biopsies.
- Incision and drainage of infection of soft tissue not including odontogenic cysts or abscesses.

Reconstructive Surgery

Benefits include reconstructive surgery to correct significant deformities caused by congenital or developmental abnormalities, illness, injury or an earlier treatment in order to create a more normal appearance. Benefits include surgery performed to restore symmetry after a mastectomy.

Note: This section does not apply to orthognathic surgery. See the “Oral Surgery” section above for that benefit.

Mastectomy Notice

A Member who is getting benefits for a mastectomy or for follow-up care for a mastectomy and who chooses breast reconstruction, will also get coverage for:

- Reconstruction of the breast on which the mastectomy has been performed.
- Surgery and reconstruction of the other breast to give a symmetrical appearance.
- Prostheses and treatment of physical problems of all stages of mastectomy, including lymphedemas.

When due to breast cancer, reconstructive and surgical coverage will be provided in a manner determined in consultation with the attending Physician and the Member. Members will have to pay the same Deductible, Coinsurance, and/or Copayments that normally apply to surgeries in this Plan.

Temporomandibular Joint (TMJ) and Craniomandibular Joint Services

Benefits are available to treat temporomandibular and craniomandibular disorders. The temporomandibular joint connects the lower jaw to the temporal bone at the side of the head and the craniomandibular joint involves the head and neck muscles.

Covered Services include removable appliances for TMJ repositioning and related surgery, medical care, and diagnostic services. Covered Services do not include fixed or removable appliances that involve movement or repositioning of the teeth, repair of teeth (fillings), or prosthetics (crowns, bridges, dentures).

Therapy Services

Physical Medicine Therapy Services

For children under age 6, your Plan covers at least 20 visits, each, of physical, speech and occupational therapy. Benefits include the treatment of Congenital Defects and Birth Abnormalities, even if it is a long-term condition. It also doesn't matter if the reason for the therapy is to maintain (not improve) the child's skills. For children between 3 and 6 with Autism Spectrum Disorders, we cover more than 20 visits of each therapy if part of a Member's Autism Treatment Plan and determined Medically Necessary by us.

From the Members birth until the Member's third (3rd) birthday, these services shall be provided only where and only to the extent required by applicable law.

For age 6 and older, your Plan includes coverage for the therapy services described below. To be a Covered Service, the therapy must improve your level of function within a reasonable period of time.

Covered Services include:

- **Physical therapy** – The treatment by physical means to ease pain, restore health, and to avoid disability after an illness, injury, or loss of an arm or a leg. It includes hydrotherapy, heat, physical agents, bio-mechanical and neuro-physiological principles and devices.
- **Speech therapy and speech-language pathology (SLP) services** – Services to identify, assess, and treat speech, language, and swallowing disorders in children and adults. Therapy will develop or treat communication or swallowing skills to correct a speech impairment. For a cleft palate or cleft lip, Medically Necessary speech therapy is not limited, but those visits lower the number of speech therapy visits available to treat other problems.
- **Post-cochlear implant aural therapy** – Services to help a person understand the new sounds they hear after getting a cochlear implant.
- **Occupational therapy** – Treatment to restore a physically disabled person's ability to do activities of daily living, such as walking, eating, drinking, dressing, using the toilet, moving from a wheelchair to a bed, and bathing. It also includes therapy for tasks needed for the person's job. Occupational therapy does not include recreational or vocational therapies, such as hobbies, arts and crafts.
- **Chiropractic Care /Osteopathic / Manipulative therapy** – Includes therapy to treat problems of the bones, joints, and the back. The two therapies are similar, but Chiropractic Care / Manipulative

Therapy focuses on the joints of the spine and the nervous system, while osteopathic therapy also focuses on the joints and surrounding muscles, tendons and ligaments. Chiropractic benefits are Covered Services only when received from an In-Network Provider and are limited to office visits for evaluation, manual manipulation of the spine, laboratory services, X-ray of the spine and certain physical modalities and procedures for musculoskeletal disorders.

- **Acupuncture/Nerve Pathway Therapy:** Treatment provided by a qualified Provider practicing within the scope of their license. This benefit covers all medically necessary services utilizing acupuncture or nerve pathway techniques. Treatments are not limited to neuromusculoskeletal pain but extend to other medically necessary interventions as determined by a licensed professional.

Other Therapy Services

Benefits are also available for:

- **Cardiac Rehabilitation** – Medical evaluation, training, supervised exercise, and psychosocial support to care for you after a cardiac event (heart problem). Benefits do not include home programs, on-going conditioning, or maintenance care.
- **Chemotherapy** – Treatment of an illness by chemical or biological antineoplastic agents. See the section “Prescription Drugs Administered by a Medical Provider” for more details.
- **Dialysis** – Services for acute renal failure and chronic (end-stage) renal disease, including hemodialysis, home intermittent peritoneal dialysis (IPD), home continuous cycling peritoneal dialysis (CCPD), and home continuous ambulatory peritoneal dialysis (CAPD). Covered Services include dialysis treatments in an outpatient dialysis Facility. Covered Services also include home dialysis and training for you and the person who will help you with home self-dialysis.
- **Infusion Therapy** – Nursing, durable medical equipment and Drug services that are delivered and administered to you through an I.V. in your home. Also includes Total Parenteral Nutrition (TPN), Enteral nutrition therapy, antibiotic therapy, pain care and chemotherapy. May include injections (intra-muscular, subcutaneous, continuous subcutaneous). See the section “Prescription Drugs Administered by a Medical Provider” for more details.
- **Pulmonary Rehabilitation** – Includes outpatient short-term respiratory care to restore your health after an illness or injury.
- **Cognitive rehabilitation therapy** – Medically Necessary cognitive rehabilitation, including therapy following a post-traumatic brain injury or cerebral vascular accident.
- **Radiation Therapy** – Treatment of an illness by x-ray, radium, or radioactive isotopes. Covered Services include treatment (teletherapy, brachytherapy and intraoperative radiation, photon or high energy particle sources), materials and supplies needed, and treatment planning.
- **Respiratory Therapy** – Includes the use of dry or moist gases in the lungs, nonpressurized inhalation treatment; intermittent positive pressure breathing treatment, air or oxygen, with or without nebulized medication, continuous positive pressure ventilation (CPAP); continuous negative pressure ventilation (CNP); chest percussion; therapeutic use of medical gases or Drugs in the form of aerosols, and equipment such as resuscitators, oxygen tents, and incentive spirometers; broncho-pulmonary drainage and breathing exercises.

Transplant Services

Please see “Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services” earlier in this section.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit.

Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees).

Benefits for urgent care include:

- X-ray services.
- Care for broken bones.
- Tests such as flu, urinalysis, pregnancy test, rapid strep.
- Lab services.
- Stitches for simple cuts; and
- Draining an abscess.

Virtual Visits (Telehealth / Telemedicine Visits)

Covered Services include virtual Telemedicine/Telehealth visits that are appropriately provided through the internet via video or chat. This includes visits with Providers who also provide services in person, as well as virtual care-only Providers.

- **Online Visits** - Covered Services include a medical visit with the Doctor using the internet by a webcam, chat or voice or other platform approved by us. Online visits do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Doctors outside the online care panel, benefit Precertification, or Doctor to Doctor discussions. Online visits are not the same as telehealth services and can, at times, include audio-only interactions but do not include store-and-forward transfers. For Mental Health and Substance Use Disorder Online Visits, see the “Mental Health and Substance Use Disorder Services” section.
- **Telehealth Services** - Covered Services that are appropriately provided by a telehealth Provider in accordance with applicable legal requirements will be eligible for benefits under this Plan. Telehealth means the mode of delivering health care or other health services through HIPAA-compliant systems, including information, electronic and communication technologies, remote monitoring technologies and store-and-forward transfers, to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and Mental Health. In-person contact between a health care Provider and the patient is not required for these services. Telehealth does not include the use of facsimile, audio-only telephone, texting or electronic mail, except where required by applicable law. If you have any questions about this coverage, or receive a bill please contact Member Services at the number on the back of your Identification Card.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

If you have any questions about this coverage, please contact Member Services at the number on the back of your ID Card.

Vision Services (All Members / All Ages)

Benefits include medical and surgical treatment of injuries and illnesses of the eye. Certain vision screenings required by Federal law are covered under the “Preventive Care” benefit.

Benefits do not include glasses or contact lenses except as listed in the “Prosthetics” benefit under “Durable Medical Equipment (DME), Medical Devices, and Supplies.”

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may

include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this plan. Prescription Drugs you get from a Retail or Mail Order Pharmacy are not covered by this Plan.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration.
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease.
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies).
- Step therapy requiring one Drug, Drug regimen, or treatment be used, where permitted by law, prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem) which is a list of FDA approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound ingredients within a compound drug are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound drug are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of our decision to both you and your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Expedited Precertification – We will review Expedited requests for Precertification of Prescription Drugs according to the timeframes listed below:

- If all needed information is provided with the request, we will approve or deny it within one business day of receiving the request, unless a shorter period of time is required by law.

- If we need more information to make a decision, we will tell the prescribing Provider what information is needed within one business day of receiving the request. If the information is timely provided, we will make a decision within the timeframes provided by law.
- If the prescribing Provider does not supply the requested information within two business days of receiving our request, the Precertification request will be deemed denied.

Non-Expedited Precertification – We will review non-Expedited requests for Precertification of Prescription Drugs according to the timeframes listed below:

- If all needed information is provided with the request, we approve or deny it within two business days of receiving the request.
- If we need more information to make a decision, we will tell the prescribing Provider what information is needed within two business days of receiving the request. If the information is timely provided, we will make a decision within the timeframes provided by law.
- If the prescribing Provider does not supply the requested information within two business days of receiving our request, the request will be deemed denied.

Note: If we do not request additional information or provide notification of approval or denial as required by applicable law, the request will be deemed approved. We will give notice of our decision as required by state and federal law.

Please refer to the section “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” under “Getting Approval for Benefits” for more details.

If Precertification is denied you have the right to file an appeal as outlined in the “Appeals and Complaints” section of this Booklet.

Designated Pharmacy Provider

Anthem, on behalf of the Employer, in its discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with Anthem. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. Anthem may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in our discretion, such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, you will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug equivalents, call Member Services at the phone number on the back of your Identification Card.

Section 8. Limitations/Exclusions (What is Not Covered)

In this section you will find a review of items that are not covered by your Plan. Excluded items will not be covered even if the service, supply, or equipment is Medically Necessary. This section is only meant to be an aid to point out certain items that may be misunderstood as Covered Services. This section is not meant to be a complete list of all the items that are excluded by your Plan.

- **Administrative Charges**
 - Charges to complete claim forms.
 - Charges to get medical records or reports.
 - Membership, administrative, or access fees charged by Doctors or other Providers. Examples include, but are not limited to, fees for educational brochures or calling you to give you test results.
- **Aids for Non-verbal Communication.** Devices and computers to assist in communication and speech except for speech aid devices and tracheo-esophageal voice devices approved by the Claims Administrator.
- **Alternative / Complementary Medicine.** Services or supplies for alternative or complementary medicine, regardless of the Provider rendering such services or supplies. This includes, but is not limited to:
 - Holistic medicine.
 - Acupressure to help alleviate pain, treat illness or promote health by putting pressure to one or more areas of the body, except as specifically listed as a Covered Service in this Plan.
 - Homeopathic medicine.
 - Hypnosis.
 - Aroma therapy.
 - Reiki therapy.
 - Herbal, vitamin or dietary products or therapies.
 - Naturopathy.
 - Thermography.
 - Orthomolecular therapy.
 - Contact reflex analysis.
 - Bioenergetic synchronization technique (BEST).
 - Iridology-study of the iris.
 - Auditory integration therapy (AIT).
 - Colonic irrigation.
 - Magnetic innervation therapy.
 - Electromagnetic therapy.
 - Neurofeedback / Biofeedback.
- **Applied Behavioral Treatment.** Services (including, but not limited to, Applied Behavior Analysis) for all indications except as described under Autism Services in the “Benefits/Coverage (What is Covered)” section unless otherwise required by law.
- **Autopsies.** Autopsies and post-mortem testing.

- **Before Effective Date or After Termination Date.** Charges for care you get before your Effective Date or after your coverage ends, except as written in this Plan.
- **Breast Reduction Surgery.** Reduction mammoplasty or services related to it, except as required by law or as medically necessary based on Anthem's medical policy.
- **Certain Providers.** Services you get from Providers that are not licensed by law to provide Covered Services as defined in this Booklet.
- **Charges Not Supported by Medical Records.** Charges for services not described in your medical records.
- **Charges Over the Maximum Allowed Amount.** Charges over the Maximum Allowed Amount for Covered Services, except for Surprise Billing Claims as outlined in the "Consolidated Appropriations Act of 2021 Notice" in the beginning of this Booklet.
- **Clinical Trial Non-Covered Services.** Any Investigational drugs or devices, non-health services required for you to receive the treatment, the costs of managing the research, or costs that would not be a Covered Service under this Plan for non-Investigational treatments.
- **Clinically-Equivalent Alternatives.** Certain Prescription Drugs may not be covered if you could use a clinically equivalent Drug, unless required by law. "Clinically equivalent" means Drugs that for most Members, will give you similar results for a disease or condition. If you have questions about whether a certain Drug is covered and which Drugs fall into this group, please call the number on the back of your Identification Card, or visit our website at www.anthem.com.
- **Complications of/for Services Related to Non-Covered Services.** Services, supplies or treatment related to or, for problems directly related to a service that is not covered by this Plan. Directly related means that the care took place as a direct result of the non-Covered Service and would not have taken place without the non-Covered Service.
- **Compound Ingredients.** Compound ingredients that are not FDA approved or do not require a prescription to dispense, and the compound medication is not essentially the same as an FDA-approved product from a drug manufacturer. Exceptions to non-FDA approved compound ingredients may include multi-source, non-proprietary vehicles and/or pharmaceutical adjuvants.
- **Cosmetic Services.** Treatments, services, Prescription Drugs, equipment, or supplies given for cosmetic services. Cosmetic services are meant to preserve, change, or improve how you look or are given for social reasons. No benefits are available for surgery or treatments to change the texture or look of your skin or to change the size, shape or look of facial or body features (such as your nose, eyes, ears, cheeks, chin, chest or breasts) unless required by law. This exclusion does not apply to Medically Necessary gender affirming health services.
- **Court Ordered Testing.** Court ordered testing or care unless the testing or care is Medically Necessary and otherwise a Covered Service under this Booklet.
- **Crime.** Treatment of an injury or illness that results from a crime you committed, or tried to commit. This Exclusion does not apply if your involvement in the crime was solely the result of a medical or mental condition, or where you were the victim of a crime, including domestic violence.
- **Custodial Care.** Custodial Care, convalescent care or rest cures. This Exclusion does not apply to Hospice services.
- **Dental Devices for Snoring.** Oral appliances for snoring.
- **Dental Treatment.** Excluded treatment includes but is not limited to preventive care and fluoride treatments; dental X-rays, supplies, appliances and all associated costs; and diagnosis and treatment for the teeth, jaw or gums such as:
 - Removing, restoring, or replacing teeth.
 - Medical care or surgery for dental problems (unless listed as a Covered Service in this Booklet).

- Services to help dental clinical outcomes.

Dental treatment for injuries that are a result of biting or chewing is also excluded, unless the chewing or biting results from a medical or mental condition.

This Exclusion does not apply to services that the Plan must cover by law.

- **Drugs Contrary to Approved Medical and Professional Standards.** Drugs given to you or prescribed in a way that is against approved medical and professional standards of practice.
- **Drugs Over Quantity or Age Limits.** Drugs which are over any quantity or age limits set by the Plan or us.
- **Drugs Prescribed by Providers Lacking Qualifications/Registrations/Certifications.** Prescription Drugs prescribed by a Provider that does not have the necessary qualifications, registrations, and/or certifications, as determined by us.
- **Drugs That Do Not Need a Prescription.** Drugs that do not need a prescription by federal law (including Drugs that need a prescription by state law, but not by federal law), except for injectable insulin or other Drugs provided in the Preventive Care paragraph of the “Benefits/Coverage (What is Covered)” section.
- **Educational Services.** Services, supplies or room and board for teaching, vocational, or self-training purposes, except as listed in this Booklet. This includes, but is not limited to boarding schools and/or the room and board and educational components of a residential program where the primary focus of the program is educational in nature rather than treatment based.
- **Emergency Room Services for non-Emergency Care.** Services provided in an emergency room for conditions that do not meet the definition of Emergency. This includes, but is not limited to, suture removal, routine pregnancy test, sore throat, earache/infection, rashes, sprains/strains, constipation, diarrhea, upper respiratory illness, abrasions, sleep disorder, conjunctivitis/pink eye, back pain that is not sudden and severe in onset, or dental caries/cavity in an emergency room. For non-emergency care please use the closest network Urgent Care Center or your Primary Care Physician.
- **Experimental or Investigational Services.** Services or supplies that are found to be Experimental / Investigational. This also applies to services related to Experimental / Investigational services, whether you get them before, during, or after you get the Experimental / Investigational service or supply.

The fact that a service or supply is the only available treatment will not make it Covered Service if we conclude it is Experimental / Investigational.

- **Eyeglasses and Contact Lenses.** Eyeglasses and contact lenses to correct your eyesight unless listed as covered in this Booklet. This Exclusion does not apply to lenses needed after a covered eye surgery.
- **Eye Exercises.** Orthoptics and vision therapy.
- **Eye Surgery.** Eye surgery to fix errors of refraction, such as near-sightedness. This includes, but is not limited to, LASIK, radial keratotomy or keratomileusis, and excimer laser refractive keratectomy.
- **Family Members.** Services prescribed, ordered, referred by or given by a member of your immediate family, including your spouse, child, brother, sister, parent, in-law, or self.
- **Foot Care** Routine foot care unless Medically Necessary. This Exclusion applies to care for flat feet, subluxations, cutting or removing corns and calluses; trimming nails; cleaning and preventive foot care, including but not limited to:
 - Cleaning and soaking the feet.
 - Applying skin creams to care for skin tone.
 - Other services that are given when there is not an illness, injury or symptom involving the foot.

- **Foot Surgery.** Surgical treatment of flat feet; subluxation of the foot; weak, strained, unstable feet; tarsalgia; metatarsalgia; hyperkeratosis.
- **Fraud, Waste, Abuse, and Other Inappropriate Billing.** Services from an Out-of-Network Provider that are determined to be not payable as a result of fraud, waste, abuse or inappropriate billing activities. This includes an Out-of-Network Provider's failure to submit medical records required to determine the appropriateness of a claim.
- **Free Care.** Services you would not have to pay for if you didn't have this Plan. This includes, but is not limited to government programs, services during a jail or prison sentence, services you get from Workers Compensation, and services from free clinics.

If your Employer is not required to have Workers Compensation coverage, this Exclusion does not apply. This Exclusion will apply if you get the benefits in whole or in part. This Exclusion also applies whether or not you claim the benefits or compensation, and whether or not you get payments from any third party.

- **Growth Hormone Treatment.** Any treatment, device, drug, service or supply (including surgical procedures, devices to stimulate growth and growth hormones), solely to increase or decrease height or alter the rate of growth.
- **Health Club Memberships and Fitness Services.** Health club memberships, workout equipment, charges from a physical fitness or personal trainer, or any other charges for activities, equipment, or facilities used for physical fitness, even if ordered by a Doctor. This Exclusion also applies to health spas.
- **Home Health Care**
 - Services given by registered nurses and other health workers who are not employees of or working under an approved arrangement with a Home Health Care Provider.
 - Food, housing, homemaker services and home delivered meals.
- **Hospital Services Billed Separately.** Services rendered by Hospital resident Doctors or interns that are billed separately. This includes separately billed charges for services rendered by employees of Hospitals, labs or other institutions, and charges included in other duplicate billings.
- **Hyperhidrosis Treatment.** Medical and surgical treatment of excessive sweating (hyperhidrosis).
- **Infertility Treatment.** Infertility procedures not specified as covered in this Booklet.
- **Lost or Stolen Drugs.** Refills of lost or stolen Drugs.
- **Maintenance Therapy.** Rehabilitative treatment given when no further gains are clear or likely to occur. Maintenance therapy includes care that helps you keep your current level of function and prevents loss of that function, but does not result in any change for the better. This Exclusion does not apply to "Habilitative Services" as described in the "Benefits/Coverage (What is Covered)" section.
- **Massage Therapy** Massage and massage therapy, except for massage therapy services that are part of a physical therapy treatment plan and covered under the "Therapy Services" section of this Booklet,
- **Medical Equipment, Devices, and Supplies**
 - Replacement or repair of purchased or rental equipment because of misuse, or loss/theft.
 - Surgical supports, corsets, or articles of clothing unless needed to recover from surgery or injury.
 - Non-Medically Necessary enhancements to standard equipment and devices.
 - Supplies, equipment and appliances including hearing aids and wigs, that include comfort, luxury, or convenience items or features that exceed what is Medically Necessary in your situation. Reimbursement will be based on the Maximum Allowed Amount for a standard item that is a

Covered Service, serves the same purpose, and is Medically Necessary. Any expense, including items you purchase with features that exceed what is Medically Necessary, will be limited to the Maximum Allowed Amount for the standard item, and the additional costs will be your responsibility.

- Disposable supplies for use in the home such as bandages, gauze, tape, antiseptics, dressings, ace-type bandages, and any other supplies, dressings, appliances or devices that are not specifically listed as covered in the “Benefits/Coverage (What is Covered)” section.
- **Medicare.** For which benefits are payable under Medicare Parts A and/or B, or would have been payable if you had applied for Parts A and/or B, except as listed in this Booklet or as required by federal law, as described in the section titled “Medicare” in “General Policy Provisions.” If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to www.Medicare.gov for more details on when you should enroll and when you are allowed to delay enrollment without penalties.
- **Missed or Cancelled Appointments.** Charges for missed or cancelled appointments.
- **Non-approved Drugs.** Drugs not approved by the FDA.
- **Non-approved Facility.** Services from a Provider that does not meet the definition of Facility.
- **Non-Medically Necessary Services.** Services we conclude are not Medically Necessary. This includes services that do not meet our medical policy, clinical coverage, or benefit policy guidelines. Emergency medical care is not subject to this exclusion as long as such care meets the definition of Emergency medical care, see “Emergency Care” under the “Benefits/Coverage (What Is Covered)” section of this Booklet.
- **Nutritional or Dietary Supplements.** Nutritional and/or dietary supplements, except as described in this Booklet or that must be covered by law. This Exclusion includes, but is not limited to, nutritional formulas and dietary supplements that you can buy over-the-counter and those you can get without a written Prescription or from a licensed pharmacist.
- **Off label use.** Off label use, unless we must cover it by law or if we approve it.
- **Oral Surgery.** Extraction of teeth, surgery for impacted teeth, and other oral surgeries to treat the teeth or bones and gums directly supporting the teeth, except as listed in this Booklet.
- **Pain.** Intractable Pain and/or Chronic Pain.
- **Personal Care, Convenience and Mobile/Wearable Devices**
 - Items for personal comfort, convenience, protection, cleanliness such as air conditioners, humidifiers, water purifiers, dehumidifiers, sports helmets, raised toilet seats, shower chairs, special lighting or other environmental modifiers, wristlets, augmentative communication devices, surgical supports, and corsets or other articles of clothing.
 - First aid supplies and other items kept in the home for general use (bandages, cotton-tipped applicators, thermometers, petroleum jelly, tape, non-sterile gloves, heating pads).
 - Home workout or therapy equipment, including treadmills and home gyms.
 - Pools, whirlpools, spas, or hydrotherapy equipment.
 - Hypoallergenic pillows, mattresses, or waterbeds.
 - Residential, auto, or place of business structural changes (ramps, lifts, elevator chairs, escalators, elevators, stair glides, emergency alert equipment, handrails).
 - Consumer wearable / personal mobile devices (such as a smart phone, smart watch, or other personal tracking devices), including any software or applications.

- **Prescription Drugs** Prescription Drugs received from a Retail or Home Delivery (Mail Order) Pharmacy. This Exclusion does not apply to Prescription Drugs which are required to be covered by law.
- **Private Duty Nursing.** Private duty nursing services given in a Hospital or Skilled Nursing Facility. Private duty nursing services are a Covered Service only when given as part of the “Home Health Care Services” benefit.
- **Prosthetics.** Prosthetics for sports or cosmetic purposes. This includes wigs, except as specifically stated in this Booklet, and scalp hair prosthetics.
- **Residential accommodations.** Residential accommodations to treat medical or behavioral health conditions, except when provided in a Hospital, Hospice, Skilled Nursing Facility, or Residential Treatment Center. This Exclusion includes procedures, equipment, services, supplies or charges for the following:
 - Domiciliary care provided in a residential institution, treatment center, halfway house, or school because a Member’s own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.
 - Care provided or billed by a hotel, health resort, convalescent home, rest home, nursing home or other extended care facility home for the aged, infirmary, school infirmary, institution providing education in special environments, supervised living or halfway house, or any similar facility or institution.
 - Services or care provided or billed by a school, Custodial Care center for the developmentally disabled, or outward-bound programs, even if psychotherapy is included.
 - Services or care billed by a program or facility that principally or primarily provides services for individuals with a medial or Mental Health and Substance Use Disorder diagnosis or condition in an outdoor environment, including wilderness, adventure, outdoor programs or camps.
- **Routine Physicals and Immunizations.** Physical exams and immunizations required for travel, enrollment in any insurance program, as a condition of employment, for licensing, sports programs, or for other purposes, which are not required by law under the “Preventive Care” benefit.
- **Services Not Appropriate for Virtual Telehealth / Telemedicine Visits.** Services that we determine require in-person contact and/or equipment that cannot be provided remotely.
- **Sexual Dysfunction.** Services or supplies for male or female sexual problems.
- **Stand-By Charges.** Stand-by charges of a Doctor or other Provider.
- **Sterilization.** Services to reverse an elective sterilization.
- **Studies.** Research studies or screening exams, unless otherwise stated in this Booklet.
- **Surrogate Mother Services.** Services or supplies for a person not covered under this Plan for a surrogate pregnancy (including, but not limited to, the bearing of a child by another woman for an infertile couple).
- **Temporomandibular Joint Treatment.** Fixed or removable appliances that move or reposition the teeth, fillings, or prosthetics (crowns, bridges, dentures).
- **Travel Costs.** Mileage, lodging, meals, and other Member-related travel costs except as described in this Plan.
- **Vein Treatment.** Treatment of varicose veins or telangiectatic dermal veins (spider veins) by any method (including sclerotherapy or other surgeries) for cosmetic purposes.
- **Vision Services.** Vision services not described as Covered Services in this Booklet.

- **Waived Cost-Shares Out-of-Network.** For any service for which you are responsible under the terms of this Plan to pay a Copayment, Coinsurance or Deductible, and the Copayment, Coinsurance or Deductible is waived by an Out-of-Network Provider.
- **Weight Loss Programs.** Programs, whether or not under medical supervision, unless listed as covered in this Booklet.

This Exclusion includes, but is not limited to, commercial weight loss programs (Weight Watchers, Jenny Craig, LA Weight Loss) and fasting programs.

Section 9. Member Payment Responsibility

Your Cost-Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost-shares you must pay. Please read the “Definitions” section for a better understanding of each type of cost share.

Maximum Allowed Amount

General

This section describes how we determine the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet’s Maximum Allowed Amount for the Covered Service that you receive. Please see “Inter-Plan Arrangement’s” in the “Claims Procedure (How to File a Claim)” section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement allowed for services and supplies:

- That meet the definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded.
- That are Medically Necessary.
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims*, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges. This amount can be significant.

*Surprise Billing Claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this Booklet. Please refer to that section for further details.

When you receive Covered Services from a Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific product or in a special Centers of Medical Excellence or other closely managed specialty network, or who has a participation contract with us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services you receive from an Out-of-Network Provider, the Maximum Allowed Amount for this Plan will be one of the following as determined by us:

1. An amount based on the Claims Administrator's Out-of-Network Provider fee schedule/rate, which is established at the Claims Administrator's discretion, and which The Claims Administrator may modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with the Claims Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services (CMS) for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, the Claims Administrator will update such information, which is adjusted or unadjusted for geographic locality, no less than annually.
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care.
4. An amount negotiated by us or a third-party vendor, which has been agreed to by the Provider. This may include rates for services coordinated through case management.
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product but are contracted for other products with us are also considered Out-of-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds the Maximum Allowed Amount unless your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will likely result in lower out of pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit our website at www.anthem.com.

Member Services is also available to assist you in determining this Booklet's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for us to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate your Out-of-Pocket

responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers. Please call Member Services to learn how this Booklet's benefits or cost share amounts may vary by the type of Provider you use.

The Plan will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

Authorized Services

In some circumstances, such as where there is no In-Network Provider available, or if there is no In-Network Provider within a reasonable number of miles from your home, for the Covered Service, we may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact us in advance of obtaining the Covered Service. If approved, the Plan will pay the Out-of-Network Provider at the In-Network level of benefits and you won't need to pay more for the services than if the services had been received from an In-Network Provider. A Precertification or preauthorization is not the same thing as an Authorized Service; the service must be specifically authorized from an Out-of-Network Provider at the In-Network cost share amounts.

Sometimes you may need to travel a reasonable distance to get care from an In-Network Provider. This does not apply if care is for an Emergency.

If you do not receive a preauthorized network exception to obtain Covered Services from an Out-of-Network Provider at the In-Network cost share amounts, the claim will be processed using your Out-of-Network cost shares unless your claim involves a Surprise Billing Claim.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Section 10. Claims Procedure (How to File a Claim)

This section describes how claims are reimbursed and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.
 - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 180 days. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180 day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your Plan.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension.

Please contact Member Services if you have any questions or concerns about how to submit claims.

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate you will be responsible for any charge for services.

Payment of Benefits

You authorize the Claims Administrator, in its own discretion and on behalf of the Employer, to make payments directly to Providers for Covered Services. In no event, however, shall the Plan's right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. Where permitted by applicable law, the Claims Administrator reserves the right, in its own discretion, to make payments directly to you as opposed to any Provider for

Covered Service, except for claims for Emergency Care or Surprise Billing Claims for air ambulance services or non-Emergency services performed by Out-of-Network Providers at certain In-Network Facilities, which will be paid directly to Providers and Facilities. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a “Qualified Medical Child Support Order” as having a right to enrollment under the Employer’s Plan), or that person’s custodial parent or designated representative. Any payments made by the Claims Administrator (whether to any Provider for Covered Service or you) will discharge the Plan’s obligation for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a “Qualified Medical Child Support Order” as defined by, and if subject to, ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request for them to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview

The Claims Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services.
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average

pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claims Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to the Claims Administrator by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claims Administrator through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If the Claims Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Plan on your behalf, the Claims Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Nonparticipating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global Core® Program

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core® benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up-to-date health ID Card with you.

When you are traveling abroad and need medical care, you can call the Blue Cross Blue Shield Global Core® Service Center any time. They are available 24 hours a day, seven days a week. The toll-free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact us for preauthorization. Keep in mind, if you need Emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the “How to Access Your Services and Obtain Approval of Benefits” section in this Booklet for further information. You can learn how to get preauthorization when you need to be admitted to the hospital for Emergency or non-emergency care.

How Claims are Paid with Blue Cross Blue Shield Global Core®

In most cases, when you arrange inpatient hospital care with Blue Cross Blue Shield Global Core®, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Doctors services.
- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core®.
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need Blue Cross Blue Shield Global Core® claim forms you can get international claims forms in the following ways:

- Call the Blue Cross Blue Shield Global Core® Service Center at the numbers above.
- Online at www.bcbsglobalcore.com.

You will find the address for mailing the claim on the form.

Section 11. General Policy Provisions

Automobile Insurance Provisions

The Plan will coordinate the benefits of this Booklet with the benefits of a complying auto insurance policy.

A complying automobile insurance policy is an auto policy approved by the Colorado Division of Insurance that provides at least the minimum coverage required by law, and one which is subject to the Colorado Auto Accident Reparations Act or Colorado Revised Statutes §§ 10-4-601 et seq. Any state or federal law requiring similar benefits through legislation or regulation is also considered a complying auto policy.

How The Plan Coordinates Benefits with Auto Policies – Your benefits under this Plan may be coordinated with the coverage's afforded by an auto policy. After any primary coverage's offered by the auto policy are exhausted, including without limitation any no-fault, personal injury protection, or medical payment coverages, benefits will be paid subject to the terms and conditions of this Plan. If there is more than one auto policy that offers primary coverage, each will pay its maximum coverage before this Plan is liable for any further payments.

You, your representative, agents and heirs must fully cooperate with your Employer to make sure that the auto policy has paid all required benefits. Your Employer may require you to take a physical examination in disputed cases. If there is an auto policy in effect, and you waive or fail to assert your rights to such benefits, this Plan will not pay those benefits that could be available under an auto policy.

Your Employer may require proof that the auto policy has paid all primary benefits before making any payments under this Plan. On the other hand, your Employer may but are not required to pay benefits under this Plan, and later coordinate with or seek reimbursement under the auto policy. In all cases, upon payment, your Employer is entitled to exercise its rights under this Plan and under applicable law against any and all potentially responsible parties or insurers. In that event, your Employer may exercise the rights found in this section.

What Happens If You Do Not Have Another Policy – Benefits will be paid if you are injured while you are riding in or driving a motor vehicle that you own if it is not covered by an auto policy.

Similarly, if not covered by an auto policy, benefits will be paid for your injuries if as a non-owner or driver, passenger or when walking you were in a motor vehicle accident. In that event, your Employer may exercise the rights found in this section.

Care Coordination

Anthem, as the Claims Administrator, pays In-Network Providers in various ways to provide Covered Services to you. For example, sometimes Anthem may pay In-Network Providers a separate amount for each Covered Service they provide. Anthem may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, Anthem may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, Anthem may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to Anthem under these programs.

Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of the Plan, we will make a good-faith effort to ensure Covered Services are available to you. Circumstances that may occur, but are not within the control of the Plan, include but are not limited to, a major disaster, epidemic, war, when health care services covered under this Plan are delayed or rendered impractical, or other events beyond our control. Under such

circumstances, we will not be responsible for any delay or failure to give services due to lack of available Facilities or staff.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Employer or us.

Confidentiality and Release of Information

Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan, which is in conflict with federal laws, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a contract solely between the Employer and us, Anthem dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in that state of Colorado. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Employer, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this contract based upon representations by any person other than Anthem and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Employer for any of Anthem's obligations to the Employer created under the contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Form or Content of Booklet

No agent or employee of Anthem is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer. Changes are further noted in "Modifications" below this section.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payor. If such benefits are duplicated, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

Medical Policy and Technology Assessment

The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external

validation of the Claims Administrator's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including the Claims Administrator's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payor legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires the Plan to be the primary payor, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payor, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the Plan, to the extent the Plan has made payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to www.Medicare.gov for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

Member Rights and Responsibilities

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit plans. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, we have adopted a Members' Rights and Responsibilities statement.

It can be found on our website FAQs. To access, go to anthem.com and select Member Support. Under the Support column, select FAQs and your state, then the "Laws and Rights That Protect You" category. Then click on the "What are my rights as a member?" question. Members or Providers who do not have access to the website can request copies by contacting Anthem, or by calling the number on the back of the Member ID card.

Modifications

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Network Access Plan

The Claims Administrator, on behalf of the Plan Administrator, strives to provide Provider networks in Colorado that addresses your health care needs. The Network Access Plan describes the Provider network standards for network sufficiency in service, access and availability, as well as assessment procedures the Claims Administrator follows in its effort to maintain adequate and accessible networks. To request a copy of this document, call Member Services. This document is also available on the Anthem website at www.anthem.com/co/networkaccess or for in-person review at 700 Broadway in Denver, Colorado.

Not Liable for Provider Acts or Omissions

The Plan is not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against the Claims Administrator or the Plan based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

We, on behalf of the Employer, pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

Policies, Procedures and Pilot Programs

We, on behalf of the Employer, are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Administrative Services Agreement, we, on behalf of the Employer, have the authority, in our discretion, to institute from time to time, pilot or test programs for utilization management, care management, case management, clinical quality, disease management or wellness initiatives in certain designated geographic areas. These pilot initiatives are part of our ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. We reserve the right to discontinue a pilot initiative at any time without advance notice to the Employer.

Program Incentives

We, on behalf of the Employer, may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. We may also offer, at our discretion, the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as the Claims Administrator offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue a program or an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Protected Health Information Under HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer's Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide you with a Notice of Privacy Practices. This notice sets forth the Employer's rules regarding the disclosure of your information and details about a number of individual rights you have under the Privacy Regulations. As the Claims Administrator of your Employer's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If you would like a copy of Anthem's Notice, contact the Member Services number on the back of your Identification Card.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of it, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. The Plan Administrator shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by a Member while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or the Claims Administrator.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider, or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

We, as the Claims Administrator, have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

We may offer health or fitness related programs to the Plan's Members, through which Members may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in

addition to Plan benefits. As such, program features are not guaranteed under your Plan and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount the Plan paid for the Covered Services.

Voluntary Clinical Quality Programs

The Plan may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Plans will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Plan encourages you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate result or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Waiver

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Workers' Compensation

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Workers' Compensation Law. All money paid or owed by Workers' Compensation for services provided to you shall be paid back by you, or on your behalf, to the Plan if it has made or make payment for the services received. Services and supplies due to illness or injury related to your work are not a benefit under this Booklet, except for officers of the company who have opted out of workers' compensation before the illness or injury. It is understood that coverage under this Plan does not replace or affect any Workers' Compensation coverage requirements.

Subrogation and Reimbursement

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, "you" or "your" includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan's rights under these provisions shall also apply to the personal representative or administrator of your estate, your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or

other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers' compensation insurance or fund, premises medical payments coverage, restitution, or "no-fault" or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements allocate or characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on your behalf from any party or insurer responsible for compensating you for your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The Plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an injury, illness or condition, you agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of your recovery. If you obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by you to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement Provisions, you agree to assign to the Plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim you may have regardless of whether you choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery you make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan

is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, you agree that if you receive any payment as a result of an injury, illness or condition, you will serve as a constructive trustee over those funds. You and your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery you obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from your Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First Priority Claim

By accepting benefits from the Plan, you acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before you receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make you whole or to compensate you in part or in whole for the losses, injuries, or illnesses you sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by you, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.
- You must notify the plan within 30-days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other

forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.

- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
- You must promptly notify the Plan if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If you fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on your behalf is not repaid or otherwise recovered by the Plan.
2. You fail to cooperate.

In the event you fail to disclose the amount of your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse you.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

Coordination of This Employer Contract's Benefits With Other Benefits

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by anyone to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

This coordination of benefits (COB) provision applies when you have health care coverage under more than one Plan as defined below.

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Booklet, e.g., Plan. For this provision only, “Plan” will have the meanings as specified below. In the rest of the Booklet, Plan has the meaning listed in the “Definitions” section.

The order-of-benefit determination rules determine the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

The Allowable expense under COB is generally the higher of the Primary and Secondary Plans’ allowable amounts. An Out-of-Network Provider can bill you for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans’ allowable amounts. This higher allowable amount may be more than Our Maximum Allowed Amount.

COB DEFINITIONS

- A. **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. “Plan” includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and any other federal governmental plan, as permitted by law.
 2. “Plan” does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan** means, in a COB provision, the part of the contract providing the health care benefits that the COB provision applies to and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determines whether This Plan is “Primary plan” or “Secondary plan” when you have health care coverage under more than one plan.

When This Plan is primary, its benefits are determined before those of any other Plan and without considering any other Plan’s benefits. When This Plan is secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary plan benefits, so that all Plan benefits do not exceed 100% of the total Allowable expense.

- D. **Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering you. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering you is not an Allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging you is not an Allowable expense.

The following are examples of non-Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses, or your stay is medically necessary in terms of generally accepted medical practice or the Hospital does not have a semi-private room.
 2. If you are covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
 3. If you are covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
 4. If you are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the Provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment will be the Allowable expense used by the Secondary plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary plan because you have failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
 6. The amount that is subject to the Primary high-deductible health plan's Deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.
- E. **Claim determination period** is usually a calendar year, but a Plan may use some other period of time that fits the coverage of the group contract. You are covered by a Plan during a portion of a claim determination period if your coverage starts or ends during the claim determination period. However, it does not include any part of a year during which you have no coverage under This Plan, or before the date this COB provision or a similar provision takes effect.
- F. **Closed panel plan** is a Plan that provides health benefits to you primarily in the form of services through a panel of Providers that have contracted with either directly or indirectly or are employed by the Plan, and that limits or excludes benefits for services provided by other Providers, except in cases of emergency or Referral by a panel member.
- G. **Custodial parent** is the parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When you are covered by two or more Plans, the rules for determining the order of payment are as follows:

1. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
2.
 - 1) Except as provided in paragraph 2) below, a Plan that does not contain a coordination of benefits provision that is consistent with these rules is always primary unless the provisions of both Plans state that the complying Plan is primary.

- 2) Coverage that is obtained by virtue of membership in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Out-of-Network benefits.
3. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
4. Each Plan determines its order-of-benefits using the first of the following rules that apply:
 - 1) Non-Dependent or Dependent. The Plan that covers you as other than as a Dependent, for example as an employee, member, subscriber or retiree is the Primary plan, and the plan that covers you as a Dependent is the Secondary plan. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering you as a Dependent; and primary to the Plan covering you as other than a Dependent (e.g. a retired employee), then the order-of-benefits between the two Plans is reversed so that the Plan covering you as an employee, member, subscriber or retiree is the Secondary plan and the other plan is the Primary Plan.
 - 2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order-of-benefits is determined as follows:
 - a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday (month and day) falls earlier in the calendar year is the Primary plan.
 - ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree.
 - ii. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of a. above shall determine the order-of-benefits.
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of a. above shall determine the order-of-benefits;
 - iv. If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The Plan covering the Custodial parent.
 - The Plan covering the spouse of the Custodial parent.
 - The Plan covering the non-custodial parent; and then
 - The Plan covering the spouse of the non-custodial parent.

- c. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of a. and b. above will determine the order-of-benefits as if those individuals were the parents of the child.
- 3) Active Employee or Retired or Laid-off Employee. The Plan that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering you as a retired or laid-off employee is the Secondary plan. The same would hold true if you are a Dependent of an active employee and you are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if 4. 1) above can determine the order-of-benefits.
- 4) COBRA or State Continuation Coverage. If you are covered under COBRA or under a right of continuation provided by state or other federal law and are covered under another Plan, the Plan covering you as an employee, member, subscriber or retiree or covering you as a Dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule for 4. 1) from above can determine the order of benefits.
- 5) Longer or Shorter Length of Coverage. The Plan that covers you as an employee, member, policyholder, subscriber or retiree longer is the Primary plan and the plan that covers you for the shorter period of time is the Secondary plan.
- 6) If the preceding rules do not determine the order-of-benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of the other health care coverage.
- B. If you are enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. We may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. We need not divulge, or get the consent of, any person to do this. Each person claiming benefits under this plan must give us any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by us is more than it should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Section 12. Termination/Nonrenewal/Continuation

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Administrative Services Agreement between the Employer and us terminates. If your coverage is through an association, your coverage will terminate when the Administrative Service Agreement between the association and us terminates, or when your Employer leaves the association. It will be the Employer's responsibility to notify you of the termination of coverage.
- Upon the Subscriber's death.
- If you choose to terminate your coverage. We must receive a 31-day advance notice to end coverage. We will credit Fees paid in advance unless we do not receive the cancellation request at least 31-days before the effective date of the cancellation.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, you must notify the Employer immediately. You shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Employer as an option instead of this Plan, subject to the consent of the Employer. The Employer agrees to immediately notify us that you have elected coverage elsewhere.
- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30-calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayments made or Fees paid for such services.
- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Fee, the Employer may terminate your coverage and may also terminate the coverage of your Dependents.
- If you permit the fraudulent use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon our written notice to the Employer. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowed Amount for services received through such misuse.
- If you are a partner to a civil union, recognized domestic partnership, or other relationship recognized as a spousal relationship in the state where the subscriber resides, on the date such union or relationship is revoked or terminated. Where permitted by law, such a Dependent may be able to seek COBRA or state continuation coverage, subject to the terms of this Booklet.
- When a Dependent no longer qualifies as a Dependent.
- On the date of a final divorce decree or legal separation for dependent spouse.
- When legal custody of a child placed for adoption ends.

You will be notified in writing of the date your coverage ends by either us or the Employer.

Removal of Members

Upon written request through the Employer, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date even if we have preauthorized the service, unless the Provider confirmed eligibility within two business days before the service is received.

Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by an Employer that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Employer's health Plan. It can also become available to other Members of your family, who are covered under the Employer's health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Employer.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse and your Dependent children could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<u>For Subscribers:</u> Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
<u>For Dependents:</u> A Covered Subscriber's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
Covered Subscriber's Entitlement to Medicare	36 months
Divorce or Legal Separation	36 months
Death of a Covered Subscriber	36 months
<u>For Dependent Children:</u> Loss of Dependent Child Status	36 months

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become

entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your spouse and children can last up to 36 months after the date of Medicare entitlement.)

If Your Employer Offers Retirement Coverage

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Employer, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Employer will offer COBRA continuation coverage to qualified beneficiaries only after the Employer has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Employer within 60 days after the qualifying event occurs.

Electing COBRA Continuation Coverage

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Fee appropriate for the type of benefit coverage you choose to continue. If the Fee rate changes for active associates, your monthly Fee will also change. The Fee you must pay cannot be more than 102% of the Fee charged for Employees with similar coverage, and it must be paid to the company's benefit plan administrator within 30-days of the date due, except that the initial Fee payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Fee for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30-days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period.
- A covered individual fails to pay a required Fee on time.
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease.
- A covered individual becomes entitled to Medicare after electing COBRA.
- The Employer terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Employer's health Plan and your COBRA continuation coverage rights should be addressed to the Employer. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

"Military service" means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.

Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Employer following completion of your military leave. Subscribers must return to work within:
 - a) The first full business day after completing military service, for leaves of 30-days or less. A reasonable amount of travel time will be allowed for returning from such military service.
 - b) 14 days after completing military service for leaves of 31 to 180 days.
 - c) 90-days after completing military service for leaves of more than 180 days.
2. 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30-days or less. A reasonable amount of travel time will be allowed for returning from such military service.
2. 14 days of completing your military service for leaves of 31 to 180 days.
3. 90-days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years.
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting/probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the "Limitations/Exclusions (What is Not Covered)" section.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Employer may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

Section 13. Appeals and Complaints

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID Card.

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the Plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the Plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the Plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial or rescission.
- you are entitled to a full and fair review of the denial or rescission.

The procedure we will follow will satisfy the requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, our notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved.
- the specific reason(s) for the denial.
- a reference to the specific Plan provision(s) on which the determination is based.
- a description of any additional material or information needed to perfect your claim.
- an explanation of why the additional material or information is needed.
- a description of the Plan’s review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA within one year of the appeal decision if you submit an appeal and the claim denial is upheld.
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision.
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision.
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- the Claims Administrator’s notice will also include a description of the applicable urgent/concurrent review process.
- the Claims Administrator may notify you or your authorized representative within 24 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. Our review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

We shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for us to complete our review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between us and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact us at the number shown on your ID Card and provide at least the following information:

- the identity of the claimant.
- the date (s) of the medical service.
- the specific medical condition or symptom.
- the Provider's name.
- the service or supply for which approval of benefits was sought.
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

For services that are **not** for Mental Health Conditions, Alcohol Dependency or Substance Dependency:

Anthem Blue Cross and Blue Shield
Appeals Department
700 Broadway
Mail Stop CO0104-0430
Denver, CO 80273

For services that are for Mental Health Conditions, Alcohol Dependency or Substance Dependency:

Anthem Blue Cross and Blue Shield
Appeals Department
700 Broadway
Mail Stop CO0106-0642
Denver, CO 80273

You must include Your Member Identification Number when submitting an appeal.

Upon request, we will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination.

- was submitted, considered, or produced in the course of making the benefit determination.
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the Plan, applied consistently for similarly-situated claimants.
- is a statement of the Plan's policy or guidance about the treatment or benefit relative to your diagnosis.

We will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, we will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When we consider your appeal, we will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is Experimental, Investigational, or not Medically Necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, we will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, we will notify you of the outcome of the appeal within 30-days after receipt of your request for appeal

If you appeal a post-service claim, we will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from us will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

If we fail to resolve the appeal within the required time, you may pursue external review as described later in this section. This option is not available, however, if our failure to resolve the appeal is due to a de minimus violation that does not cause harm to you or is not likely to cause prejudice or harm to you, if the delay is for good cause or due to matters beyond our control, and is part of an ongoing, good faith exchange of information between you and us.

Voluntary Second Level Appeals

If you are dissatisfied with the mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to us within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless we determine that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including our decision, can be sent between us and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact us at the number shown on your ID Card and provide at least the following information:

- the identity of the claimant.
- the date (s) of the medical service.
- the specific medical condition or symptom.
- the Provider's name.
- the service or supply for which approval of benefits was sought.
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless we determine that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield
700 Broadway
Mail Stop CO0104-0430
Denver, CO 80273

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

If your health benefit Plan is sponsored by your Employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit

determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

We reserve the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Section 14. Definitions

If a word or phrase in this Booklet has a special meaning, such as Medical Necessity or Experimental / Investigational, it will start with a capital letter, and be defined below. If you have questions on any of these definitions, please call Member Services at the number on the back of your Identification Card.

Accidental Injury

An unexpected Injury for which you need Covered Services while enrolled in this Plan. It does not include injuries that you get benefits for under any Workers' Compensation, Employer's liability or similar law.

Administrative Services Agreement

The agreement between the Claims Administrator and the employer regarding the administration of certain elements of the health care benefits of the Employer's Group Health Plan.

Ambulatory Surgery Center

A facility licensed as an Ambulatory Surgery Center as required by law that must satisfy our accreditation requirements and be approved by us.

Applied Behavioral Analysis

The use of behavior analytic methods and research findings to change socially important behaviors in meaningful ways.

Approved In-Network Provider

Please see the "Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services" benefit in the "Benefits/Coverage (What is Covered)" section for details.

Authorized Service(s)

A Covered Service you get from an Out-of-Network Provider that we, on behalf of the Employer, have agreed to cover at the In-Network level. You will not have to pay any more than the In-Network Deductible, Coinsurance, and/or Copayment(s) that apply. Please see the "Claims Procedure (How to File a Claim)" section as well as the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet for more details.

Autism Services Provider

A person who provides services to a Member with Autism Spectrum Disorders. The Provider must be licensed, certified, or registered by the applicable state licensing board or by a nationally recognized organization, and meets the requirements as defined by state law.

Autism Spectrum Disorders or ASD

Includes the following disorders, as defined in the most recent edition of the diagnostic and statistical manual of mental disorders in effect at the time of the diagnosis: autistic disorder, Asperger's disorder, and atypical autism as a diagnosis within pervasive developmental disorder not otherwise specified.

Autism Treatment Plan

A plan for a Member by an Autism Services Provider and prescribed by a Doctor or psychologist in line with evaluating or again reviewing a Member's diagnosis; proposed treatment by type, frequency, and expected treatment; the expected outcomes stated as goals; and the rate by which the treatment plan will be updated. The treatment plan is in line with the patient-centered medical home as defined in state law.

Benefit Maximum

The number of days or units of Covered Services, such as two office visits per your Benefit Period, for which a health coverage will provide benefits during a specified length of time.

Benefit Period

The length of time the Plan will cover benefits for Covered Services (July 1 through June 30). If your coverage ends before the end of the year, then your Benefit Period also ends.

Benefit Period Maximum

The most the Plan will cover for a Covered Service during a Benefit Period.

Biosimilar/Biosimilars

A type of biological product that is licensed (approved) by FDA because it is highly similar to an already FDA-approved biological product, known as the biological reference product (reference product), and has been shown to have no clinically meaningful differences from the reference product.

Booklet

This document (also called the Benefit Booklet), which describes the terms of your benefits. It is part of the Plan offered by your Employer.

Brand Name Drugs

Prescription Drugs that we classify as Brand Drugs or that our PBM has classified as Brand Name Drugs through use of an independent proprietary industry database.

Centers of Medical Excellence (COE) Network

A network of health care facilities, which have been selected to give specific services to our Members based on their experience, outcomes, efficiency, and effectiveness. An In-Network Provider under this Plan is not necessarily a COE. To be a COE, the Provider must have signed a Centers of Medical Excellence Agreement with us.

Chiropractic Care / Manipulative Therapy

A system of therapy that includes the therapeutic application of manual manipulation treatment, analysis and adjustments of the spine and other body structures, and muscle stimulation by any means, including therapeutic use of heat, cold, and exercise.

Chronic Pain

Pain that lasts more than six months that is not life threatening, and it may continue for a lifetime, and has not responded to current treatments.

Claims Administrator

The company the Employer chose to administer its health benefits. Anthem Blue Cross and Blue Shield was chosen to administer this Plan. The Claims Administrator provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Coinsurance

Your share of the cost for Covered Services, which is a percent of the Maximum Allowed Amount. You normally pay Coinsurance after you meet your Deductible. Your Coinsurance will not be reduced by any refunds, rebates, or any other form of negotiated post-payment adjustments.

Complications of Pregnancy

Complications of Pregnancy means:

- Conditions (when the pregnancy is not terminated) whose diagnoses are distinct from pregnancy but are adversely affected by pregnancy or are caused by pregnancy, such as acute nephritis, nephrosis, cardiac decompensation, missed abortion, and similar medical and surgical conditions of comparable severity. This does not include false labor, occasional spotting, physician-prescribed rest during the period of pregnancy, morning sickness, hyperemesis gravidarum, preeclampsia, and similar conditions

associated with the management of a difficult pregnancy not constituting a nosologically distinct complication of pregnancy.

- Non-elective cesarean section, ectopic pregnancy, which is terminated, and spontaneous termination of pregnancy, which occurs during a period of gestation in which a viable birth is not possible.

Congenital Defect

A defect or anomaly existing before birth, such as cleft lip or club foot. Disorders of growth and development over time are not considered congenital.

Consolidated Appropriations Act of 2021

Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this Booklet for details.

Controlled Substances

Drugs and other substances that are considered controlled substances under the Controlled Substances Act (CSA) which are divided into five schedules.

Copayment

A fixed amount you pay toward a Covered Service. You normally have to pay the Copayment when you get health care. The amount can vary by the type of Covered Service you get. For example, you may have to pay a \$15 Copayment for an office visit, but a \$150 Copayment for Emergency Room Services.

Covered Procedure

Please see the “Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services” benefit in the “Benefit/Coverage (What is Covered).”

Covered Services

Health care services, supplies, or treatment described in this Booklet that are given to you by a Provider. To be a Covered Service the service, supply or treatment must be:

- Medically Necessary or specifically included as a benefit under this Booklet.
- Within the scope of the Provider’s license.
- Given while you are covered under the Plan.
- Not Experimental / Investigational, excluded, or limited by this Booklet, or by any amendment or rider to this Booklet.
- Approved by us before you get the service if Precertification or prior authorization is needed.

A charge for a Covered Service will apply on the date the service, supply, or treatment was given to you.

The date for applying Deductible and other cost shares for an Inpatient stay is the date you enter the Facility.

Covered Services do not include services or supplies not described in the Provider records.

Custodial Care

Any type of care, including room and board, that (a) does not require the skills of professional or technical workers; (b) is not given to you or supervised by such workers or does not meet the rules for post-Hospital Skilled Nursing Facility care; (c) is given when you have already reached the greatest level of physical or Mental Health and are not likely to improve further.

Custodial Care includes any type of care meant to help you with activities of daily living that does not require the skill of trained medical or paramedical workers. Examples of Custodial Care include:

- Help in walking, getting in and out of bed, bathing, dressing, eating, or using the toilet.

- Changing dressings of non-infected wounds, after surgery or chronic conditions.
- Preparing meals and/or special diets.
- Feeding by utensil, tube, or gastrostomy.
- Common skin and nail care.
- Supervising medicine that you can take yourself.
- Catheter care, general colostomy or ileostomy care.
- Routine services which we decide can be safely done by you or a non-medical person without the help of trained medical and paramedical workers.
- Residential care and adult day care.
- Protective and supportive care, including education.
- Rest and convalescent care.

Care can be Custodial even if it is recommended by a professional or performed in a Facility, such as a Hospital or Skilled Nursing Facility, or at home.

Deductible

The amount you must pay for Covered Services before benefits begin under this Plan. For example, if your Deductible is \$1,000, your Plan won't cover anything until you meet the \$1,000 Deductible. The Deductible may not apply to all Covered Services.

Dependent

A member of the Subscriber's family who meets the rules listed in the "Eligibility" section and who has enrolled in the Plan.

Designated Pharmacy Provider

An In-Network Pharmacy that has executed a Designated Pharmacy Provider Agreement with us or an In-Network Provider that is designated to provide Prescription Drugs, including Specialty Drugs, to treat certain conditions.

Doctor

See the definition of "Physician."

Effective Date

The date your coverage begins under this Plan.

Emergency (Emergency Medical Condition)

Please see the "Benefits/Coverage (What is Covered)" section.

Emergency Care

Please see the "Benefits/Coverage (What is Covered)" section.

Employee

A person who is engaged in active employment with the Employer and is eligible for Plan coverage under the employment rules of the Employer. The Employee is also called the Subscriber.

Employer

An Employer who has allowed its Employees to participate in the Plan by acting as the Plan Sponsor or adopting the Plan as a participating Employer by executing a formal document that so provides. The

Employer or other organization has an Administrative Services Agreement with the Claims Administrator to administer this Plan.

Excluded Services (Exclusion)

Health care services your Plan doesn't cover.

Experimental or Investigational (Experimental / Investigational)

(a) Any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply used in or directly related to the diagnosis, evaluation or treatment of a disease, injury, illness or other health condition which we determine in our sole discretion to be Experimental or Investigational.

We, on behalf of the Employer, will deem any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply to be Experimental or Investigational if we determine that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought.

The drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply:

- Cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA) or any other state or federal regulatory agency, and such final approval has not been granted.
- Has been determined by the FDA to be contraindicated for the specific use.
- Is provided as part of a clinical research protocol or clinical trial (except as noted in the Clinical Trials section under Covered Services in this Booklet as required by state law), or is provided in any other manner that is intended to evaluate the safety, toxicity or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply; or is subject to review and approval of an Institutional Review Board (IRB) or other body serving a similar function.
- Is provided pursuant to informed consent documents that describe the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply as Experimental or Investigational, or otherwise indicate that the safety, toxicity or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply is under evaluation.

(b) Any service not deemed Experimental or Investigational based on the criteria in subsection (a) may still be deemed to be Experimental or Investigational by us. In determining whether a service is Experimental or Investigational, we will consider the information described in subsection (c) and assess all of the following:

- Whether the scientific evidence is conclusory concerning the effect of the service on health outcomes.
- Whether the evidence demonstrates that the service improves the net health outcomes of the total population for whom the service might be proposed as any established alternatives.
- Whether the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

(c) The information we consider or evaluate to determine whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply is Experimental or Investigational under subsections (a) and (b) may include one or more items from the following list, which is not all-inclusive:

- Randomized, controlled, clinical trials published in authoritative, peer-reviewed United States medical or scientific journal.
- Evaluations of national medical associations, consensus panels and other technology evaluation bodies.

- Documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate or investigate the use of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply.
- Documents of an IRB or other similar body performing substantially the same function.
- Consent documentation(s) used by the treating Physicians, other medical professionals or facilities, or by other treating Physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply.
- The written protocol(s) used by the treating Physicians, other medical professionals or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply.
- Medical records.
- The opinions of consulting Providers and other experts in the field.

(d) We have the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply is Experimental or Investigational.

Facility

A facility including but not limited to, a Hospital, freestanding Ambulatory Surgery Center, Residential Treatment Center, or Skilled Nursing Facility as defined in this Booklet. The Facility must be licensed as required by law, satisfy our accreditation requirements, and be approved by us.

Fee(s)

The amount you must pay to be covered by this Plan.

Generic Drugs

Prescription Drugs that we classify as Generic Drugs or that our PBM has classified as Generic Drugs through use of an independent proprietary industry database. Generic Drugs have the same active ingredients, must meet the same FDA rules for safety, purity and potency, and must be given in the same form (tablet, capsule, cream) as the Brand Name Drug.

Habilitative Services

Habilitative Services help you keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age.

Home Health Care Agency

A Provider licensed when required by law and approved by us, that:

1. Gives skilled nursing and other services on a visiting basis in your home.
2. Supervises the delivery of services under a plan prescribed and approved in writing by the attending Doctor.

Hospice

A Provider that gives care to terminally ill patients and their families, either directly or on a consulting basis with the patient's Doctor. It must be licensed by the appropriate agency.

Hospital

A facility licensed as a Hospital as required by law that must satisfy our accreditation requirements and be approved by us. The term Hospital does not include a Provider, or that part of a Provider, used mainly for:

1. Nursing care
2. Rest care

3. Convalescent care
4. Care of the aged
5. Custodial Care
6. Educational care
7. Subacute care

Identification Card (ID Card)

The card given to you that shows your Member identification, group numbers, and the Plan you have.

Infertility

Infertility, which may occur in either male or female, means a disease or condition characterized by the failure to impregnate or conceive, a person's inability to reproduce either as an individual or with the person's partner, or by the findings of a physician based on a person's medical, sexual, and reproductive history, age physical findings, or diagnostic testing. As used in this definition, a "failure to impregnate or conceive" means the failure to establish a clinical pregnancy after twelve months of regular, unprotected sexual intercourse or therapeutic donor insemination for a woman under the age of thirty-five or after six months of regular, unprotected sexual intercourse or therapeutic donor insemination for a woman thirty-five or older. Conception resulting in a miscarriage does not restart the twelve- or six-month clock to qualify as having infertility.

In-Network Provider

A Provider that has a contract, either directly or indirectly, with us, or another organization, to give Covered Services to Members through negotiated payment arrangements. A Provider that is In-Network for one plan may not be In-Network for another. Please see "How to Find a Provider in the Network" in the section "How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)" for more information on how to find an In-Network Provider for this Plan.

Inpatient

A Member who is treated as a registered bed patient in a Hospital and for whom a room and board charge is made.

Intensive In-Home Behavioral Health Services

A range of therapy services provided in the home to address symptoms and behaviors that, as the result of a mental disorder or Substance Use Disorder, put the Members and others at risk of harm.

Intensive Outpatient Program

Structured, multidisciplinary treatment for Mental Health and Substance Use Disorders that provides a combination of individual, group and family therapy to Members who require a type or frequency of treatment that is not available in a standard outpatient setting.

Interchangeable Biologic Product

A type of biological product that is licensed (approved) by FDA because it is highly similar to an already FDA approved biological product, known as the biological reference product (reference product), and has been shown to have no clinically meaningful differences from the reference product. In addition to meeting the biosimilarity standard, it is expected to produce the same clinical result as the reference product in any given patient.

Intractable Pain

A pain state in which the cause of the pain cannot be removed and which in the course of medical practice no relief or cure of the cause of the pain is possible, or none has been found after reasonable

efforts. It includes evaluation by the attending Doctor and one or more Doctors specializing in the treatment of the part of the body thought of as the source of pain.

Late Enrollees

Subscribers or Dependents who enroll in the Plan after the initial enrollment period. A person will not be considered a Late Enrollee if he or she enrolls during a Special Enrollment period. Please see the “Eligibility” section for further details.

Maximum Allowed Amount

The maximum payment that the Plan will allow for Covered Services. For more information, see the “Member Payment Responsibility” section.

Medical Necessity (Medically Necessary)

The diagnosis, evaluation and treatment of a condition, illness, disease or injury that we solely decide to be:

- Medically appropriate for and consistent with your symptoms and proper diagnosis or treatment of your condition, illness, disease or injury.
- Obtained from a Doctor or Provider.
- Provided in line with medical or professional standards.
- Known to be effective, as proven by scientific evidence, in improving health.
- The most appropriate supply, setting or level of service that can safely be provided to you and which cannot be omitted. It will need to be consistent with recognized professional standards of care. In the case of a Hospital stay, also means that safe and adequate care could not be obtained as an outpatient.
- Cost-effective compared to alternative interventions, including no intervention or the same intervention in an alternative setting. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of your illness, injury or disease, the service is: (1) not more costly than an alternative service or sequence of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate. For example, we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a Physician’s office or the home setting.
- Not Experimental or Investigational.
- Not primarily for you, your families, or your Provider’s convenience.
- Not otherwise an exclusion under this Booklet.

The fact that a Doctor or Provider may prescribe, order, recommend or approve care, treatment, services or supplies does not, of itself, make such care, treatment, services or supplies Medically Necessary.

Member

People, including the Subscriber and his or her Dependents, who have met the eligibility rules, applied for coverage, and enrolled in the Plan. Members are called “you” and “your” in this Booklet.

Mental Health and Substance Use Disorder (Behavioral, Mental Health and Substance Use Disorder)

A condition or disorder, regardless of etiology, that may be the result of a combination of genetic and environmental factors and that falls under any of the diagnostic categories listed in the mental disorders section of the most recent version of (a) the international statistical classification of diseases and related health problems; (b) the Diagnostic and Statistical Manual of Mental Disorders (DSM); or (c) the

diagnostic classification of Mental Health and developmental disorders of infancy and early childhood. The phrase also includes Autism Spectrum Disorders, as defined in this Booklet.

Open Enrollment

A period of time in which eligible people or their dependents can enroll without penalty after the initial enrollment. See the “Eligibility” section for more details.

Out-of-Network Provider

A Provider that does not have an agreement or contract with us, or our subcontractor(s) to give services to Members under this Plan.

You will often get a lower level of benefits when you use Out-of-Network Providers.

Out-of-Pocket Limit

The most you pay in Copayments, Deductibles, and Coinsurance during a Benefit Period for Covered Services. The Out-of-Pocket limit does *not* include your Fee, amounts over the Maximum Allowed Amount, or charges for health care that your Plan doesn’t cover.

Partial Hospitalization Program

Structured, multidisciplinary treatment for Mental Health and Substance Use Disorders, including nursing care and active individual, group and family treatment for Members who require more care than is available in an Intensive Outpatient Program.

Pharmacy

A place licensed by state law where you can get Prescription Drugs and other medicines from a licensed pharmacist when you have a prescription from your Doctor.

Pharmacy and Therapeutics (P&T) Process

A process to make clinically based recommendations that will help you access quality, low cost medicines within your Plan. The process includes health care professionals such as nurses, pharmacists, and Doctors. The committees of the National Pharmacy and Therapeutics Process meet regularly to talk about and find the clinical and financial value of medicines for our Members. This process first evaluates the clinical evidence of each product under review. The clinical review is then combined with an in-depth review of the market dynamics, Member impact and financial value to make choices for the formulary. Our programs may include, but are not limited to, Drug utilization programs, prior authorization criteria, therapeutic conversion programs, cross-branded initiatives, and Drug profiling initiatives.

Pharmacy Benefits Manager (PBM)

A Pharmacy benefits management company that manages Pharmacy benefits on the Claims Administrator’s behalf. The Claims Administrator’s PBM has a nationwide network of Retail Pharmacies, a Home Delivery Pharmacy, and clinical services that include Prescription Drug List management.

The management and other services the PBM provides include, but are not limited to: managing a network of Retail Pharmacies and operating a mail service Pharmacy. The Claims Administrator’s PBM, in consultation with the Claims Administrator, also provides services to promote and assist Members in the appropriate use of Pharmacy benefits, such as review for possible excessive use, proper dosage, drug interactions or drug/pregnancy concerns.

Physician (Doctor)

Includes the following when licensed by law:

- Doctor of Medicine (M.D.) legally entitled to practice medicine and perform surgery.
- Doctor of Osteopathy (D.O.) legally licensed to perform the duties of a D.O.
- Doctor of Chiropractic (D.C.), legally licensed to perform the duties of a chiropractor.

- Doctor of Podiatric Medicine (D.P.M.) legally entitled to practice podiatry.
- Doctor of Dental Medicine (D.D.M.), Doctor of Dental Surgery (D.D.S.), legally entitled to provide dental services.

Optometrists, Clinical Psychologists (PhD), and surgical chiropractors are also Providers when legally licensed and providing Covered Services within the scope of their licenses.

Plan

The arrangement chosen by the Plan Sponsor to fund and provide for delivery of the Employer's health benefits.

Plan Administrator

The person or entity named by the Plan Sponsor to manage the Plan and answer questions about Plan details. ***The Plan Administrator is not the Claims Administrator.***

Plan Sponsor

The legal entity that has adopted the Plan and has authority regarding its operation, amendment and termination. ***The Plan Sponsor is not the Claims Administrator.***

Precertification

Please see the section "How to Access Your Services and Obtain Approval of Benefits" for details.

Prescription Drug (Drug)

A substance, that under the Federal Food, Drug & Cosmetic Act, must bear a message on its original packing label that says, "Caution: Federal law prohibits dispensing without a prescription." This includes the following:

1. Compounded (combination) medications, when all of the ingredients are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer.
2. Insulin, diabetic supplies, and syringes.

Primary Care Physician / Provider ("PCP")

A Physician who gives or directs health care services for you. The Physician may work in family practice, general practice, internal medicine, pediatrics or any other practice allowed by the Plan. A PCP supervises, directs and gives initial care and basic medical services to you and is in charge of your ongoing care.

Provider

A professional or Facility licensed when required by law that gives health care services within the scope of that license, must satisfy our accreditation requirements, and be approved by us, on behalf of the Employer. Details on our accreditation requirements can be found at <https://www.anthem.com/provider/credentialing/>. This includes any Provider that state law says must be covered under this Plan when they give you Covered Services. Providers that deliver Covered Services are described throughout this Booklet. If you have a question about a Provider not described in this Booklet please call the number on the back of your Identification Card.

Qualifying Payment Amount

The median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services.

Recognized Amount

For Surprise Billing Claims, the Recognized Amount is calculated as follows:

- For Air Ambulance services, the Recognized Amount is equal to the lesser of the Qualifying Payment Amount as determined under applicable law (generally, the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services) or the amount billed by the Out-of-Network Air Ambulance service provider.
- For all other Surprise Billing Claims, the Recognized Amount is the amount determined by a specified state law; the lesser of the Qualifying Payment Amount or the amount billed by the Out-of-Network Provider or Out-of-Network Facility; or the amount approved under an applicable All-Payer Model Agreement under section 1115A of the Social Security Act.

Recovery

Please see the “Subrogation and Reimbursement” section for details.

Referral

A written authorization form received from your PCP or from us in advance of the services that allows you to receive Covered Services from a Provider other than your PCP. Please see the “How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)” section for details.

Residential Treatment Center / Facility

An Inpatient Facility that provides multidisciplinary Mental Health and Substance Use Disorder conditions. The Facility must be licensed as a residential treatment center in the state in which it is located, satisfy our accreditation requirements, and be approved by us.

The term Residential Treatment Center/Facility does not include a Provider, or that part of a Provider, used mainly for:

1. Nursing care.
2. Rest care.
3. Convalescent care.
4. Care of the aged.
5. Custodial Care.
6. Educational care.

Retail Health Clinic

A Facility that gives limited basic health care services to Members on a “walk-in” basis. These clinics are often found in major pharmacies or retail stores. Medical services are typically given by Physician Assistants and Nurse Practitioners.

Service Area

The geographical area where you can get Covered Services from an In-Network Provider.

Skilled Nursing Facility

An Inpatient Facility that provides multidisciplinary treatment for convalescent and rehabilitative care. It must be licensed as a skilled nursing facility in the state in which it is located, satisfy our accreditation requirements, and be approved by us.

A Skilled Nursing Facility is not a place mainly for care of the aged, Custodial Care or domiciliary care; or a place for rest, educational, or similar services.

Special Enrollment

A period of time in which eligible people or their dependents can enroll after the initial enrollment, typically due to an event such as marriage, birth, adoption, etc. See the “Eligibility” section for more details.

Specialist (Specialty Care Physician \ Provider or SCP)

A Specialist is a Doctor who focuses on a specific area of medicine or group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions. A non-Physician Specialist is a Provider who has added training in a specific area of health care.

Specialty Drugs

Drugs that typically need close supervision and checking of their effect on the patient by a medical professional. These drugs often need special handling, such as temperature-controlled packaging and overnight delivery, and are often not available at retail pharmacies. They may be administered in many forms including, but not limited to, injectable, infused, oral and inhaled.

Subscriber

An employee of the Employer who is eligible for and has enrolled in the Plan.

Surprise Billing Claim

Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this Booklet for details.

Urgent Care Center

A licensed health care Facility that is separate from a Hospital and whose main purpose is giving immediate, short-term medical care, without an appointment, for urgent care.

Utilization Review

A set of formal techniques to monitor or evaluate the clinical necessity, appropriateness, efficacy or efficiency of, health care services, procedures or settings. Techniques include ambulatory review, prospective review, second opinion, certification, concurrent review, care management, discharge planning and/or retrospective review. Utilization Review also includes reviewing whether or not a procedure or treatment is considered Experimental or Investigational, and reviewing your medical circumstances when such a review is needed to determine if an exclusion applies.

It's important we treat you fairly

We follow federal civil rights laws in our health programs and activities. By calling Member Services, our members can get free in-language support, and free aids and services if you have a disability. We don't discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people whose primary language isn't English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Call the Member Services number on your ID card for help (TTY/TDD: 711). If you think we failed in any of these areas, you can mail a complaint to: Compliance Coordinator, P.O. Box 27401, Mail Drop VA2002-N160, Richmond, VA 23279, or directly to the U.S. Department of Health and Human Services, Office for Civil Rights at 200 Independence Avenue, SW; Room 509F, HHH Building; Washington, D.C. 20201. You can also call 1-800-368-1019 (TDD: 1-800-537-7697) or visit <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>.

Section 15. Thank You from Anthem

The medical benefits described in this Booklet are paid by CU Health Plan. Anthem Blue Cross and Blue Shield ("Anthem") provides administrative claims payment services as described before this page.

Prescription Drug Coverage described after this page is administered by CVS Caremark after this page and does not obligate Anthem to provide or pay for any additional benefits or services.

Thank you for selecting Anthem Blue Cross and Blue Shield for your medical health care coverage.

Section 16. Prescription Benefits Administered by CVS Caremark

Benefits in this section are subject to the **RETAIL PHARMACY/MAIL ORDER PRESCRIPTION DRUGS EXCLUSIONS** section at the end of this section of the booklet.

If you enroll in medical coverage, you automatically receive prescription drug benefits administered by CVS Caremark.

How Prescription Drug Benefits Work

To be eligible for coverage, a prescription drug must be:

- Necessary for the treatment of a disease or illness and widely accepted as effective, appropriate and essential – based on the recognized standards of the medical community.
- Prescribed by a licensed physician, and
- Prescribed in accordance with type, frequency and duration-of-treatment guidelines of national medical, research and governmental agencies.

Visit the CVS Caremark website at caremark.com or call CVS Caremark at 1-888-964-0121 for the generic, brand, (preferred or non-preferred) and specialty listing that describes those prescription drugs that are eligible and ineligible for reimbursement under the CU Health Plan prescription drug program. If you have any questions about a particular prescription, call CVS Caremark. The fact that your physician prescribes, orders, recommends, or approves a prescription or supply does not automatically mean it is an eligible expense. Always call CVS Caremark to confirm coverage.

The program offers coverage for both your short-term and long-term prescription needs. When you have prescriptions filled at a retail pharmacy, benefits are payable for up to a 30-day supply. To receive prescription drug benefits, you and your covered dependents may pay a portion of the covered expenses for prescription drugs and related supplies for each 30-day supply at a retail pharmacy. That portion is the copayment, deductible or coinsurance.

The CVS Caremark network includes many retail pharmacies, including major chain pharmacies and independent community pharmacies. To locate a participating pharmacy either call CVS Caremark directly at 1-888-964-0121 or to find the pharmacy closest to you, go to caremark.com.

This section describes the outpatient pharmacy benefits for medications obtained through a Retail Pharmacy or Mail-Order Pharmacy. You must obtain covered Prescription Drugs and supplies from an In-Network pharmacy. All Prescription Drugs must be a Legend Drug and on the formulary drug list to be eligible for benefits.

Prescription Drugs will always be dispensed as ordered by your Provider and by applicable State Pharmacy Regulations, however you may have higher out-of-pocket costs. You may request, or your Provider may order, the Brand Name Drug. However, if a Generic Drug is available, you will need to pay the cost difference between the Generic and Brand Name Drug in addition to your pharmacy tier copayment. The cost difference between the Generic and Brand Name Drug does not contribute to the Out-of-Pocket Annual Maximum. By law, Generic and Brand Name Drugs must meet the same standards for safety, strength, and effectiveness. We reserve the right, at our discretion, to remove certain higher cost Generic Drugs from this coverage.

The Covered Services under this section do not include those received in the Hospital as an Inpatient. Refer to the **INPATIENT SERVICES** section for services covered by the Booklet. For medications or equipment not obtained through a pharmacy, see the **MEDICAL SUPPLIES, DURABLE MEDICAL EQUIPMENT, AND APPLIANCES** section of this Booklet. For Prescription Drugs, including Specialty Pharmacy Drugs, which are administered to you in a medical setting (e.g., Physician's office, home care visit, or outpatient Facility), see **PRESCRIPTION DRUGS ADMINISTERED BY A MEDICAL PROVIDER** section for more information.

You may fill your prescriptions through one of CVS Caremark's Participating Retail Pharmacies. Mail Order prescriptions are managed by the CVS Mail Order Pharmacy.

We have established a Pharmacy and Therapeutics (P&T) Process, in which health care professionals, pharmacists and doctors determine the clinical appropriateness of drugs and promote access to quality medications. This process also reviews drugs to determine the most cost-effective use of benefits and advise on

programs to help improve care. Our programs may include, but are not limited to, drug utilization programs, prior authorization criteria, therapeutic conversion programs, cross-branded initiatives and drug profiling initiatives.

In addition, We use the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition, the availability of over-the-counter choices and where appropriate, certain clinical economic factors.

You may review the current formulary drug list on Our website at caremark.com. You may also request a copy of the formulary drug list by calling the CVS Caremark Customer Service. The formulary drug list is subject to quarterly review and amendment. Inclusion of a drug or related item on the formulary drug list is not a guarantee of coverage.

When you have your prescription filled at one of Our Retail Pharmacies, benefits available under this Booklet are managed by the Pharmacy Benefits Manager (PBM), CVS Caremark, which offers a nationwide network of Pharmacies and clinical services.

For certain Prescription Drugs, the prescribing Physician may be asked to provide additional information before We will determine Medical Necessity. We may, at Our sole discretion, establish quantity limits for specific Prescription Drugs.

Your Deductible and/or Copayment amount depends upon which tier the Prescription Drug falls under as follows:

- **Tier-1** – Generic Drugs.
- **Tier-2** – Brand Name Prescription Drugs.
- **Tier-3** – Non-preferred Brand Name Prescription Drugs.
- **Tier-4**– Specialty Drugs.

Please see the *Summary of Benefits and Coverage* to determine the associated Copayment for each tier.

The amount of benefits paid is based upon whether you obtain covered drugs and supplies from a Retail Pharmacy or Mail Order Pharmacy. A Prescription Drug must be a Legend Drug to be eligible for benefits.

Certain Prescription Drugs (or the prescribed quantity of a particular drug) may require prior authorization. At the time you fill a prescription, the In-Network pharmacist is informed of the prior authorization requirement through the pharmacy's computer system, and the pharmacist is instructed to contact CVS Caremark. To check if your drug has a prior authorization requirement please login to caremark.com and use the Check Drug Cost tool.

The Provider or pharmacist can check with Us to verify drug placement, any quantity limits, Step-Therapy, prior authorization requirements, or appropriate Brand or Generic drugs recognized under the Booklet.

Therapeutic substitutions may also be initiated at the time the prescription is dispensed. Only you and the Physician together can determine whether the therapeutic substitute is appropriate for you.

Outpatient pharmacy benefits received from a retail pharmacy or Mail-Order Pharmacy are limited to:

- Prescription Drugs, including self-administered injectable drugs. These are Prescription Drugs that do not need administration or monitoring by a Provider in an office or Facility. Office-based injectables and infused Drugs that need Provider administration and/or supervision are covered under the "Prescription Drugs Administered by a Medical Provider" benefit in this section.
- Injectable insulin. Members diagnosed with diabetes may be eligible to have diabetic medication filled with no Copayment. Please contact Customer Service for additional information.
- Oral contraceptive drugs and contraceptive devices. Certain contraceptives are covered under Preventive Care Services.
- Certain supplies, equipment and appliances (such as those for diabetes and asthma). You may contact Us to determine supplies covered through a pharmacy.
- Prescription Drugs that help you stop smoking or reduce your dependence on tobacco products. These Drugs will be covered under the Preventive Care Services section.

- FDA approved smoking cessation products, including over-the-counter nicotine replacement products, when obtained with a Prescription for a Member age 18 and older. These products will be covered under the “Preventive Care Services” section.

Each prescription is subject to Deductible and/or Copayment. If the prescription order includes more than one covered drug or supply, a separate Deductible and/or Copayment is required for each covered drug or supply. The Deductible and/or Copayment is based on the Prescription Drug Maximum Allowed Amount. The Deductible and/or Copayment will not be reduced by any discounts, rebates or other funds received by Us or the PBM from drug manufacturers, or similar vendors and/or funds received by Us and/or the PBM. We will make no payment for any covered drug or supply unless the Prescription Drug Maximum Allowed Amount exceeds any applicable Deductible and/or Copayment for which you are responsible.

Please see the Summary of Benefits and Coverage to determine the associated Deductible and/or Copayment.

You are limited to up to a 30-day supply of a prescription drug if obtained at a Retail Pharmacy or up to a 90-day supply if received through the CVS Mail Order Pharmacy. For oral contraceptives, you are limited to one pill pack (normally 28 days) at a Retail Pharmacy, or three pill packs by the CVS Mail Order Pharmacy. When Medically Necessary, a one-month vacation override is available with applicable Deductible and/or Copayment and quantity restrictions if you are traveling out of Our Service Area.

For a list of In-Network Pharmacies see our website at caremark.com

Specialty Pharmacy Drugs

Specialty Pharmacy Drugs are high-cost, injectable, infused, oral or inhaled medications that generally require close supervision and monitoring of their effect on the patient by a medical professional. These drugs often require special handling such as temperature-controlled packaging and overnight delivery and are often unavailable at a Retail Pharmacy or through a Mail Order Pharmacy. Specialty Pharmacy Drugs are available from CVS Specialty. If Specialty Pharmacy Drugs are purchased from a Retail Pharmacy, they will be considered as Out-of-Network and not covered.

The Outpatient Specialty Pharmacy benefits available under this Booklet are managed by CVS Caremark, the Pharmacy Benefits Manager (PBM). A Specialty Pharmacy is not a Retail Pharmacy or a Home Delivery Pharmacy.

We use many different administrative processes and tools. These help Us decide the most appropriate use and cost-effective alternatives available to Our Members. All Specialty Pharmacy Drugs will require prior authorization. At the time you fill a prescription, you will be informed if prior authorization is needed. For a list of current drugs requiring prior authorization, contact CVS Caremark Customer Service, or reference the Check Drug Cost tool at caremark.com.

It is your responsibility to assure that Preauthorization has been obtained prior to filling a Specialty Drug Prescription for the drug to be a covered benefit. Specialty drugs are limited to a 30-day supply. After 3 fills from a Retail Pharmacy the prescription must be filled by CVS Specialty. A list of the Specialty Pharmacy Drugs that are covered is available from Our Member Services department or may be found on Our website at caremark.com.

We retain the right at Our sole discretion to determine coverage for dosage formulations in terms of covered dosage administration methods (e.g., by mouth, injection, topical or inhaled) and may cover one form of administration, and exclude or place other forms of administration on other tiers.

You or your Doctor may order your Specialty Pharmacy Drug from the CVS Specialty Pharmacy. A dedicated care coordinator will guide you or your Doctor through the process up to and including actual delivery of your Specialty Pharmacy Drug to you or your Doctor. When you order a Specialty Pharmacy Drug for home or Doctor office use, you will need to pay the appropriate Deductible and/or Copayment for each Specialty Pharmacy Drug by check, money order, credit card or debit card and provide all necessary information. For refills after that you will be contacted by your care coordinator.

If you or your Provider believe that you should not be required to get your Specialty Pharmacy Drugs from a Specialty Pharmacy, you must follow the exception process. Please call CVS Caremark customer service to begin the exception process.

Mandatory Mail Order Pharmacy for Maintenance Drugs

You may also purchase your maintenance medication by utilizing the CVS Mail Order Pharmacy. If you are taking Maintenance Drugs you are limited to an initial 30-day supply and up to two subsequent 30-day refills of the Maintenance Drugs from a CVS Participating Retail Pharmacy. After this 90-day period you must be using the Mandatory Mail Order Program through the CVS Mail Order Pharmacy, Pharmacy or a CVS Maintenance Choice Pharmacy, such as CVS, Kroger or Costco to purchase future Maintenance Drugs. A short-term drug, like an antibiotic, would not be considered a Maintenance Drug and therefore you could fill your prescription at a local retail pharmacy. Ordering your Maintenance Drugs through the CVS mail Order Pharmacy mandatory mail order program eliminates the need for monthly trips to the pharmacy by having your prescriptions delivered directly to your home. Specialty Prescription Drugs, both Oral and Injectable, are not available through the mandatory mail order pharmacy program.

A Prescription Drug must be a Legend Drug to be eligible for benefits.

When you may need to file a claim

You may need to file your own claim if:

- The pharmacy you fill your prescriptions at is not able to file the claim electronically.
- You need to have a prescription filled before you receive your Health Benefit ID Card.
- Your Physician increases the amount of your dosage.

Retail Pharmacy/Mail Order Prescription Drugs Exclusions:

1. Prescription Drugs and supplies received as an inpatient in a hospital or other covered inpatient facility, except where covered as part of the inpatient stay.
2. Non-legend or Non-formulary Prescription Drugs.
3. Medication or preparations used for cosmetic purposes to promote hair growth, prevent hair growth, or medicated cosmetics. These included but are not limited to Rogaine®, Viniqa®, finasteride.
4. Drugs not approved by the FDA.
5. Any medications used to treat infertility. These must be filled through CVS Specialty.
6. Delivery charges for prescriptions.
7. Charges for the administration of any drug unless dispensed in the Physician's office or through Home Health Care.
8. Drugs which are provided as samples to the Provider.
9. Antibacterial soap/detergent, toothpaste/gel, shampoo, or mouthwash/rinse.
10. Hypodermic needles, syringes, or similar devices, except when used for administration of a covered drug when prescribed in accordance with the terms of the **RETAIL PHARMACY/MAIL ORDER PRESCRIPTION DRUGS** section.
11. Therapeutic devices or appliances, including support garments and other non-medicinal supplies (regardless of intended use).
12. Certain Prescription Drugs may not be covered if you could use a Clinically Equivalent Drug, even if written as a prescription, unless required by law.
13. Over-the-counter items, drugs, devices and products, or Prescription Drugs with over-the-counter equivalents and any drugs, devices or products that are therapeutically comparable to an over-the-counter drug, device, or product, even if written as a prescription. This includes Prescription Drugs when any version or strength becomes available over-the-counter. This Exclusion does not apply to over-the-counter products that We must cover under federal law with a Prescription.
14. Drugs not requiring a prescription by federal law (including drugs requiring a prescription by state law, but not federal law) except for injectable insulin, or where applicable law requires covered of the drug.
15. Prescription Drugs, which are dispensed in quantities or refill frequency which exceed the applicable limits established by Us, at Our sole discretion.

16. Refills of prescriptions in excess of the quantity or refill frequency prescribed by the Provider, or refilled more than one year from the date prescribed.
17. Prescription Drugs dispensed for the purpose of international travel.
18. Prescription Drugs which have been obtained through a Home Health Agency.
19. Maintenance drugs after a total of a 90-day supply that have been purchased at an In-Network pharmacy. All maintenance drugs received after your initial 90-day supply must be purchased from the CVS Mail Order Pharmacy to be covered.
20. Drugs for treatment of sexual or erectile dysfunction or inadequacies, regardless of origin or cause, and even if the dysfunction is a side effect of, or related to another covered disease or illness.
21. When benefits are provided for Prescription Drugs under the **PRESCRIPTION BENEFITS ADMINISTERED BY CVS CAREMARK** section, they will not also be provided under the **PRESCRIPTION DRUGS ADMINISTERED BY A PROFESSIONAL PROVIDER** section.

Outpatient Pharmacy Prescription Appeals

Once a member or member's representative is notified that a claim is wholly or partially denied (an adverse determination), he or she has the right to appeal. Appeals may be based on an adverse benefit determination from an initial clinical review or an adverse non-clinical determination from an initial non-clinical review. Appeal requests must be submitted to the Appeals department by fax, mail or phone within 180 days after receiving an adverse determination notification. Urgent appeals may be submitted by phone or in writing. Non-urgent appeals may be submitted in writing by fax or mail.

Once an appeal is received, the appeal and all supporting documentation are reviewed and completed, including a notification to the member and physician, within the following timelines:

- Urgent Pre-Service Appeal: 72 hours
- Non-Urgent Pre-Service Appeal: 15 days
- Post-Service Appeal: 30-days

Review of Adverse Benefit Determinations First-Level Clinical Appeal

First-level appeals are reviewed against predetermined medical criteria relevant to the drug or benefit being requested. This includes the consideration of relevant and supporting documentation submitted by the member or the member's authorized representative. Supporting documentation may include a letter written by the practitioner in support of the appeal, a copy of the denial letter sent by CVS Caremark, a copy of the member's payment receipt, medical records, etc. The appeal will be reviewed by an appropriately qualified reviewer. If the denial is upheld by the appeal, a denial notification will be sent to the member with instructions on how to request a second-level Medical Necessity review.

If a member's appeal is urgent, CVS Caremark will perform both the first-level and second-level review as a combined appeal review within the designated timeframes. If the first-level request is approved, no further review is required and a notice of approval will be sent to the member. If the first-level review cannot be approved, a second-level Medical Necessity review will be initiated automatically. The member will receive notice of the determination at the conclusion of the Medical Necessity review. The two levels are combined in order to meet the designated urgent appeal timeframe.

Second-Level Medical Necessity Appeals

If the first-level appeal denial is upheld, the member or the member's authorized representative may choose to pursue a second-level appeal. The second-level appeal consists of a review to determine if the requested drug or benefit is medically necessary. These requests are reviewed either by an appropriately qualified reviewer or a

sub-delegated medical necessity review organization (MNRO). If a member's appeal is urgent, CVS Caremark will perform the second-level review within the designated urgent appeal timeframe.

For appeals reviewed by the MNRO, the following will occur:

- CVS Caremark will forward applicable medical records, PA and appeals documentation, plan language and specific criteria to the MNRO.

- The independent physician reviewer selected by the MNRO to conduct the review will evaluate the provided documentation received with the case. If the physician reviewer determines additional information is necessary or potentially useful in the review, the physician reviewer may contact the member's physician to request such information.
- The independent physician reviewer will review current medical literature and available medical records and any additional information obtained from the prescribing physician. The independent physician reviewer will write an independent rationale in support of his or her final decision.
- The letter containing the rationale will be forwarded to CVS Caremark for communication to the member or the member's representative.

Review of Adverse Non-Clinical Determinations

CVS Caremark provides a single-level appeal for non-clinical appeals. Upon receipt of a non-clinical appeal, CVS Caremark will review the member's request for a particular drug or benefit against the terms of the Plan, including the preferred drug lists, formularies or other defined plan benefits selected by the Plan Sponsor or in the PDD. A non-clinical appeal will not involve an assessment of whether the requested drug or benefit is medically necessary.

Appeal Determination Process

Appeals and associated documentation are stamped with the date and time of receipt. Reviews are conducted within the applicable timeframes previously mentioned in this document. The appeal determination is rendered, and pertinent information is entered into the database. The determination is then communicated in writing to the member or the member's representative.

Communications are written in a manner to be understood by the member or the member's representative. Communications include:

- The specific reason(s) for the determination
- A reference to pertinent Plan provision on which the determination was based
- A notice that the member can submit a written request for the following at no cost: copies of all documents, records and other information relevant to the claim
- A copy of the specific rule, guideline, protocol or other similar criterion that was relied upon in making the determination, if applicable; or a statement that such rule, guideline, protocol or other similar criterion will be provided free of charge upon written request
- An explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the member's medical circumstances, if the Adverse Benefit Determination or Appeal of Adverse Benefit Determination is based on a Medical Necessity; or a statement that such explanation will be provided free of charge upon written request
- A statement of the member's right to bring action under (Employee Retirement Income Security Act) ERISA Section 502(a), if applicable
- A description of the available internal appeals process and external review process, if available.
- Information regarding the applicable office of health insurance consumer assistance or ombudsman established under the Section 2793 of the Public Health Services Act to assist individuals with internal claims and appeals and external review.

Confidentiality

All member and client appeal documentation is handled in a confidential manner and in accordance with applicable statutes and regulations to protect the member's identity and his or her prescription history. To maintain confidentiality of member information, all appeal information becomes a part of a permanent case file.

Outpatient Pharmacy Prescription Definitions

CVS Caremark – the prescription benefit manager for this plan. Also referred to in this Booklet as “CVS”, “Us”, “We” or “Our”, as applicable to prescription services.

Prescription Drugs - Prescription Drugs include:

Brand Name Prescription Drug - the initial version of a medication developed by a pharmaceutical manufacturer or a version marketed under a pharmaceutical manufacturer's own registered trade name or trademark. The original manufacturer is granted an exclusive patent to manufacture and market a new drug for a certain number of years. After the patent expires and FDA requirements are met, any manufacturer may produce the drug and sell the drug under its own brand name or under the drug's chemical (generic) name.

Formulary - a list of pharmaceutical products developed in Consultation with Physicians and pharmacists and approved for their quality and cost-effectiveness. You may view a copy of the preferred formulary drug online or request a hard copy of the list by calling Our Member Services department. The preferred formulary drug list is subject to periodic review and amendment.

Generic Drug - medications determined by the FDA to be bio-equivalent to brand name drugs and that are not manufactured or marketed under a registered trade name or trademark. Normally, it is available only after the patent protection expires on a brand-name drug. A generic drug's active ingredients duplicate those of a brand name drug but may look different than the corresponding brand product. Generic drugs must meet the same FDA specifications as brand name drugs for safety, purity and potency and must be dispensed in the same dosage form (tablet, capsule, cream) as the counterpart brand name drug. On average, generic drugs cost less than the counterpart brand name drug.

Legend Drug - a medicinal substance, dispensed for outpatient use, which under the Federal Food, Drug & Cosmetic Act is required to show in the label, "Caution: Federal law prohibits dispensing without a prescription." Compounded (combination) drugs, when the primary ingredient (the highest cost ingredient) is FDA-approved and requires a prescription to dispense, and is not essentially the same as an FDA- approved product from a drug manufacturer, are considered prescription Legend Drugs. Insulin is considered a Legend Drug under this Booklet.

Maintenance Drugs - medications that are prescribed for chronic, long-term conditions and are taken on a regular, recurring basis. Examples of chronic conditions that may require Maintenance Drugs are high blood pressure, high cholesterol, epilepsy and diabetes.

Pharmacy - an establishment licensed to dispense Prescription Drugs and other medications by a licensed pharmacist upon an authorized health care Provider's order. A pharmacy may be an In-Network Provider or an Out-of-Network Provider. An In-Network pharmacy is contracted as an In-Network pharmacy with Us to provide covered drugs to you under the terms and conditions of this Booklet. An Out-of-Network pharmacy is **not** contracted with Us.

Preauthorization - the process applied to certain drugs and/or therapeutic categories to define and/or limit the conditions under which these drugs will be covered. The drugs and criteria for coverage are defined by the pharmacy and therapeutics committee.

Single Source Drug - a Brand-Name Prescription Drug available from one manufacturer with no generic equivalents.

Pharmacy Benefits Manager (PBM) - A Pharmacy benefits management company that manages Pharmacy benefits. The management and other services the PBM provides include, but are not limited to: managing a network of Retail Pharmacies, CVS's PBM, assisting Members in the appropriate use of Pharmacy benefits, such as review for possible excessive use, proper dosage, drug interactions or drug/pregnancy concerns.

Prescription Drug Maximum Allowed Amount - is the maximum amount We allow for any Prescription Drug. The amount is determined by Us using prescription drug costs information provided to Us by the Pharmacy Benefits Manager (PBM).

Specialty Drug List - a list of Specialty Pharmacy Drugs as determined by Us which must be obtained from the In- Network Specialty Pharmacy PBM and which are billed under the pharmacy benefit.

Specialty Pharmacy - a pharmacy that is designated by Us, other than a Retail Pharmacy, Home Delivery Pharmacy, or other Specialty Pharmacy that provides high cost, biotech drugs which are usually injected, oral, infused or inhaled and used for the treatment of acute or chronic diseases.

Specialty Pharmacy Drugs - these are high-cost, injectable, infused, oral or inhaled medications as listed on the Specialty Drug List that generally require close supervision and monitoring of their effect on the patient by a medical professional. These drugs often require special handling such as temperature- controlled packaging and overnight delivery and are often unavailable at a Retail Pharmacy.

End of Outpatient Prescription Drug Section
