

# Mood Disorders

## Intensive Outpatient Program

Psychiatry  
UNIVERSITY OF COLORADO **MEDICINE**

### WHAT WE TREAT

This in-person IOP (intensive outpatient program) provides intensive treatment for people struggling with depression, bipolar disorder, other mood disorders, and/or suicidal ideation by utilizing Interpersonal and Social Rhythm Therapy, Dialectical Behavior Therapy, and Behavioral Activation.

### WHAT WE OFFER

Our 6-week program meets 3 times per week for 3 hours each day and includes:

- Intensive therapeutic support, including group and individualized support
- Group skills training
- Medication evaluation and management with a psychiatric specialist if needed/desired

### BENEFITS OF PARTICIPATING IN AN IOP

Participants will receive therapeutic support and practice skills designed to help:

- Decrease depression and suicidal ideation
- Decrease frequency of mood episodes
- Reduce isolation
- Tolerate distress
- Regulate emotions
- Build and enhance social relationships
- Improve daily functioning
- Stabilize and improve mood

### WHO IS ELIGIBLE

- Adults 18 years of age or older
- Primary diagnosis of mood disorder, including depression or bipolar disorders
- Able to attend 9 hours/week in a group therapy setting on the University of Colorado Anschutz Medical Campus in Aurora, Colorado
